REVISION INFORMATION

The Texas Implementation Plan, dated January 28, 1972, revised February 15, April 15, and August 15, 1973 is being updated and reprinted with the publishing of this February 15, 1974 issue. The changes consist primarily of updating information and data to correspond to the present time frame. Following is a description of the changes made in some sections of the Plan.

SECTION I - INTRODUCTION

a. Service Organizations - Revised to reflect present organizational structure.

b. Regional Descriptions - Status and time references changed to reflect the appropriate situation.

SECTION II - REGIONAL CLASSIFICATIONS

National Secondary Standard for Sulfur Dioxide revised.

SECTION V - LEGAL AUTHORITY

In the Texas Clean Air Act, the amendment by Chapter 469, Acts of the 63rd Legislature, Regular Session, 1973, has been included.

SECTION VII - COMPLIANCE SCHEDULE

Texas Air Control Board Enforcement Orders have been added to the Table on Compliance Abatement Schedules to indicate the latest status.

SECTION VIII - EPISODE PLAN

This Section has been completely rewritten. The new section outlines the procedures that have evolved from the original plan.

SECTION IX - AIR QUALITY SURVEILLANCE PLAN

A statement of progress has been added. Pages of the air quality surveillance system schedule have been revised to reflect the latest status.

SECTION X - THE PERMIT SYSTEM

The latest Permit System Procedures are included.

SECTION XI - SOURCE SURVEILLANCE

Data no longer applicable has been deleted.

SECTION XIII - INTERGOVERNMENTAL COOPERATION

Information on funding of local programs has been added.

SECTION XIV - RULES AND REGULATIONS

Current Rules and Regulations are included.

APPENDIX B - AIR QUALITY DATA SUMMARY

The inclusion of air quality data in the Implementation Plan will not be continued for future revisions. The full range of air quality data is too extensive to be printed in an implementation plan. Data is maintained by computer and submitted to the Environmental Protection Agency on a quarterly basis.
