Re: Pass-Through Plan Review:
Additional ID: 12-4031 (Lake Palo Pinto)

Dear Mr. Blasor:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the revised pass-through plan that you submitted on August 14, 2013. Staff has reviewed your plan and finds it adequately accounts for the amount of water that should be passed downstream for the priority call. If you have not done so already, you should implement your pass through plan in accordance with the requirements of the Executive Director's July 2, 2013 Order, as affirmed and modified by the Commission.

The Texas Commission on Environmental Quality appreciates your assistance in this matter and your compliance efforts to ensure protection of the State's environment. If you or members of your staff have any questions, please feel free to contact Mr. Jaime Nolasco at (512) 239-1503.

Sincerely,

Frank Burleson, Manager
Program Support Section
Office of Compliance and Enforcement
