DOMESTIC WASTEWATER

The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

TCCI Montgomery Gardens LLC (CN606123719) proposes to operate TCCI Montgomery Gardens (RN111707071). a domestic wastewater treatment facility. The facility will be located on FM-1778 approximately 0.3 mi east of Copeville, Texas, in Nevada, Collin County, Texas 75442.

The applicant is currently applying to the Texas Commission on Environmental Quality for a Texas Pollutant Discharge Elimination System (TPDES) Permit to discharge a maximum of 150,000 gallons per day of treated domestic wastewater from the proposed Wastewater Treatment Facility to be installed at the site.

Discharges from the facility are expected to contain no pollutants. Domestic wastewater will be treated by MBR (membrane bioreactor) treatment technology. The facility includes an influent pumping station, equalization, fine screening, anoxic, oxic and membrane cells with ultraviolet disinfection and a sludge press.
