COMMENTS:I would like to request a public hearing on this application. I protest this type of business being put in the middle of our residential area. I live 1 block from this site and I am concerned about the dust, noise and the big trucks destroying the road and causing safety hazards for the children in this community.

Comments:

The proposed concrete Batch plant will negatively affect our neighborhood quality of life and property values. Particulate matter will affect air quality. Heavy vehicles on Midline will deteriorate the road surface. Increased traffic will affect the safety and limited access to our neighborhood and increased noise from both vehicles and plant operations will affect the quality of our lives. I protest granting this permit and request a public hearing. This is a residential neighborhood and I do not want a concrete plant in my back yard.

I request a public hearing.
