CHIEF CLERKS OFFICE
TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Re: Project review under Section 106 of the National Historic Preservation Act of 1966
Walton Texas, LP. TPDES application, Caldwell County (TCEQ)

Dear Ms. Bohac:

Thank you for allowing us to review the project referenced above. This letter serves as comment on the proposed undertaking from the State Historic Preservation Officer, the Executive Director of the Texas Historical Commission.

The review staff, led by Bill Martin, has examined our records and finds that the location of the proposed wastewater treatment plant has the potential to contain archeological deposits. Two archeological sites have been recorded along the drainage to the south of the proposed plant. In order to identify historic properties, we recommend that a qualified professional archeologist survey the proposed sewer lines and treatment plant prior to the initiation of ground disturbance.

The work should meet the minimum archeological survey standards posted on-line at www.thc.state.tx.us. A report of investigations should be produced in conformance with the Secretary of the Interior's Guidelines for Archaeology and Historic Preservation, and submitted to this office for review. In addition, any buildings 45 years old or older that are located on or adjacent to the tract should be documented with photographs and included in the report. You may obtain lists of archeologists in Texas on-line at: www.counciloftexasarcheologists.org or www.rpanet.org. Please note that other potentially qualified archeologists not included on these lists may be used. Since this work will occur on land owned or controlled by a political subdivision of the state, a permit must be secured from this office prior to conducting the survey.

Thank you for your cooperation in this federal review process, and for your efforts to preserve the irreplaceable heritage of Texas. **If you have any questions concerning our review or if we can be of further assistance, please contact Bill Martin at 512/463-5867.**

Sincerely,

for
Mark Wolfe, State Historic Preservation Officer
