Dear Ms. Castanuela:

This is in response to your letter of October 3,2008, giving us thirty days after this letter to respond regarding the penalty against Peach Creek Dam and Lake Club. I don't think we should be punished for someone else's negligence. The person responsible for the lack of records is not living in our club area any more. I She ran the club from 2003 to 2005 with promises of all sorts but kept none of them. No records were sent to TCEQ and none kkept for the club.

I took over the club in January 2006 with the electricity off, owing three months light billl. All records have been kept up to date since then.

I really appreciate the deduction from $16,800 to $1400, but I think I have shown through my multiple correspondence with TCEQ and to the Court in Austin that we are trying to stay a viable club with a good water system. I know you feel that we should be subject to some kind of penalty for such a long period with no records kept or sent to TCEQ. We are a small water system of 52 outlets with a very low income per household. As I have shown before, we have a problem collecting money. Many of our residents are low income retirees or unmarried women with more than one child.

Any information you need to make this penalty go away, I will get to y ou or I will attend your meeting where this is determined.

Harold G. Bradham
President
