Dear executive director

This is the owner of the lots # 62 and # 63 sunset palm line, Texas 77510 in Galveston county Texas locate 730 feet of landfill

I am written about the notice of excavations landfill located at 3935 avenue A, Alta loma Texas 77510, in Galveston county Texas

I disagree with this excavation, because this landfill affects the health environment and the people that live around this area.

Environmental proteccion agency (EPG) must have to do something about it, that landfill must have to move to another location please stop this application

Alma Arrubla De Guerra

Sincerely yours

I very much oppose this landfill continuing to raise and use this site for the following reasons.

James Rayford Smith
08/23/2012

Neighbors

The Galveston County Landfill is in the process of a Major Permit Modification. Located at 3935 Avenue A, Santa Fe, TX.

This modification is to raise Phase 1 and Phase 2 to 202 feet and Phase 3 and 5 to 188 feet. Phase 1 and 2 are the northern portion of the Landfill and Phase 3 and 5 are to the South and run the entire length of Highland Bayou.

Please send comments and Issues you might have to TCEQ.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT AMENDMENT

(PROPOSED) PERMIT NO. 1149B

APPLICATION. Galveston County Landfill TX, LP, 3935 Avenue A, Santa Fe, Galveston County, Texas 77510-8045, has applied to the Texas Commission on Environmental Quality (TCEQ) for a Type I Municipal Solid Waste permit major amendment to authorize a vertical and horizontal expansion within property owned by the Galveston County Landfill. The facility is located approximately 1.5 miles southwest of the intersection of Interstate Highway 45 and FM1764 in La Marque, Galveston County, Texas 77510. The TCEQ received the application on June 29, 2012. The permit application is available for viewing and copying at the Genevieve Miller Hitchcock Public Library, 8005 Barry Avenue, Hitchcock, Galveston County, Texas 77563-3238 and the La Marque City Library, 1011 Bayou Road, La Marque, Galveston County, Texas 77568-4158. The following link to an electronic map of the facility's general location is provided as a public courtesy and is not part of the application or notice http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.3875&lng=-95.051388&zoom=13&type=r. For exact location, refer to the application.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.**

If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission will only grant a contested case hearing on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised in timely filed comments that were not subsequently withdrawn.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION All public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html **or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087.**

If you choose to communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Galveston County Landfill TX, LP, by calling Mr. Scott Trebus, P.E., Area Environmental Manager at (713) 726-7506.

COMMENTS: As an adjacent land owner to this facility, "I request a public meeting" based on the following adverse impacts: 1. Property degradation and loss of use due the vertical expansion. Increased height of the overall allowance for this facility would in effect create a "mountain effect, block sunrises and create a visual eyesore. 2. I request the TCEQ also address compliance with public notification for all changes, permit modification s and permit amendments for this facility for the last 5 years, including any required notifications to adjacent land owners that should have occurred. 3. Adjacent property devaluation as a direct result of this change in the facility. 4. As this is a municipal solid waste facility, the direct increase in noise and environmental impacts from large industrial truck horns, backup sirens, and bird control utilizing "rockets" or "boom" cannons. I addition, the website address provided in the formal notice is a link to a non-working TCEQ website, and does not allow comments. This is not condusive to an easy public comment process.

Dear Ms. Bohac,

This letter is to follow up the letter sent to you on January 30, 2014. We had a meeting with Republic Services Galveston County Landfill and Galveston County Health on February 4, 2014 at the Landfill site. At that meeting the Republic Services said that they would bring the Landfill up to compliance with us. As of today they have not submitted any new plans and have not made any progress in doing so.

So we are respectfully requesting that TCEQ withhold their proposed permit no. ~~11~~498 (11498) at this time untill they come into compliance with Galveston County Drainage District #1.

Sincerely,

David Wilkins
Superintendent

CHIEF CLERKS OFFICE

Bridget Bohac
Chief Clerk
Office of the Chief Clerk-MC105
P.O. Box 13087
Austin, TX 78711-3087

Dear Ms. Bohac,

We have been told that Galveston County Landfill has filed for a permit to enlarge their facility. Back in June 2012 they submitted plans to us for our approval for their detention pond that is required by our criteria requirements. We have gone out and inspected the area and to date they have not built the approved detention pond per there plans that had been submitted back in June 2012. In addition they are also not in compliance with their own construction plans. Per their construction plans they have 3 outfalls shown but on their Stormwater pollution plans (refer: WaverBoos Engineers, Stormwater Pollution Plan-fig: 5-1) they show 2 outfalls, the 1 for the west pond is not in place and the east pond outfall is in place but not called out on the plans. The only detention we could find at this time is at the bottom of a cell that they are filling at this time.

So this formal letter is to inform your department that they have not constructed the area per their plans and per our approved criteria and we respectfully request you to not issue there permit until they are in compliance with Galveston County Drainage District #1.

Sincerely,

David Wilkins
Superintendent
