AGRICULTURAL TRACTOR
7-Year Activity Life

Non-Road Agricultural Tractor

Maximum Rebate Grant Amounts

Based on 7-Year Activity Life

Note - Applicants must choose an Activity Life of either 5 or 7 years in the application. Refer to the table corresponding to the Activity Life chosen.

Instructions

To find the maximum rebate grant amount for your project, find the horsepower range and model year range for the engine being replaced along the Baseline (old) Engine Emissions Model Year line. Then go down to the line corresponding to the Replacement (new) Engine Emissions Model Year of the replacement engine. The maximum rebate grant amounts are listed. Follow the instructions in the rebate grant application forms for entering this information. The shaded portions are model year ranges that do not meet the requirement that a project achieve at least a 25% reduction in NO_x emissions. Also, certain model year ranges are not listed under some of the horsepower ranges. In those cases, the model year ranges were also determined to not be eligible within those horsepower ranges. Equipment 750 hp and over area lso not eligible for a rebate grant, and should be applied for under the other TERP grant programs.

Please Note: You may replace a piece of equipment and/or engine from one horsepower category with one from a lower horsepower category. Use the rebate grant amount for the higher horsepower category in your rebate grant application. However, you may not replace a piece of equipment and/or engine from one horsepower category with one from a higher horsepower category. Please contact TERP staff with any questions, before you apply for a rebate grant.
