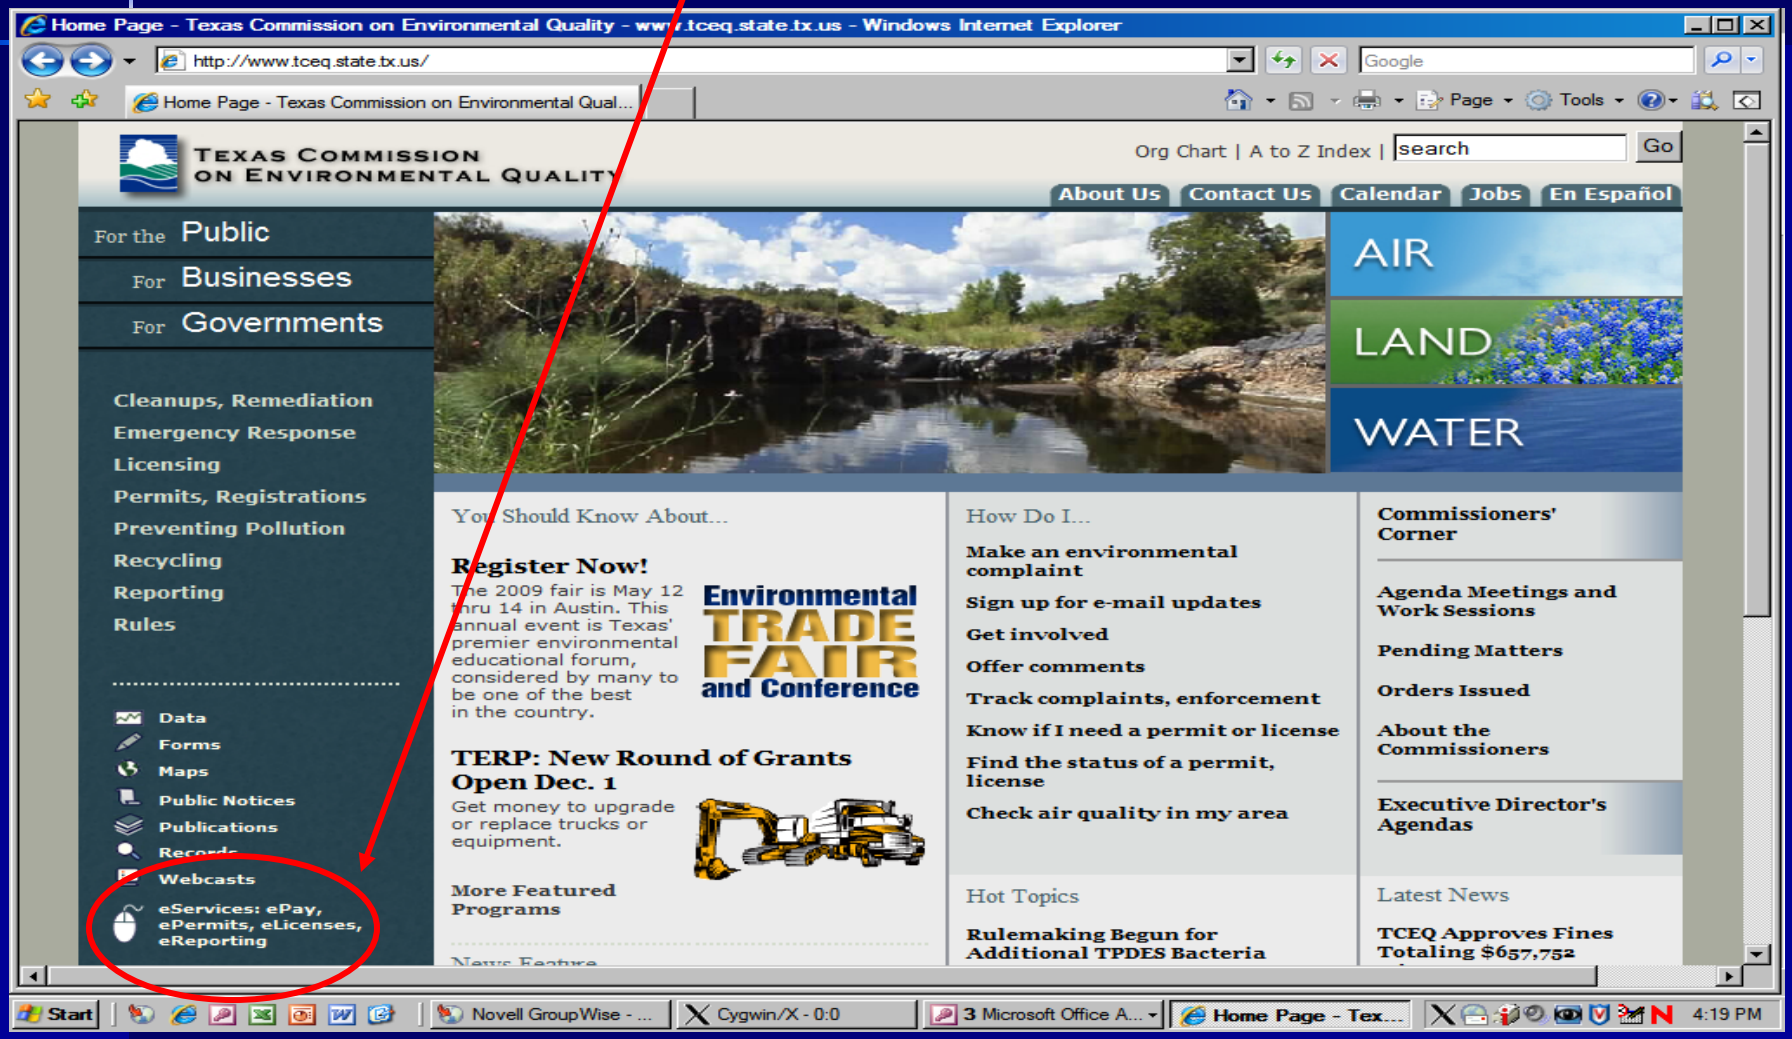
STEERS

Annual Waste Summary
Data Entry Instructions

This presentation concentrates on the AWS Direct Entry. If you prefer the Annual Preparation File method, please see the slide presentation titled "APF AWS Entry".

Navigate to the STEERS Login web page.

On the TCEQ Home Page, scroll to the bottom of the screen and choose the link to eServices, ePay, ePermits, eLicenses, eReporting.

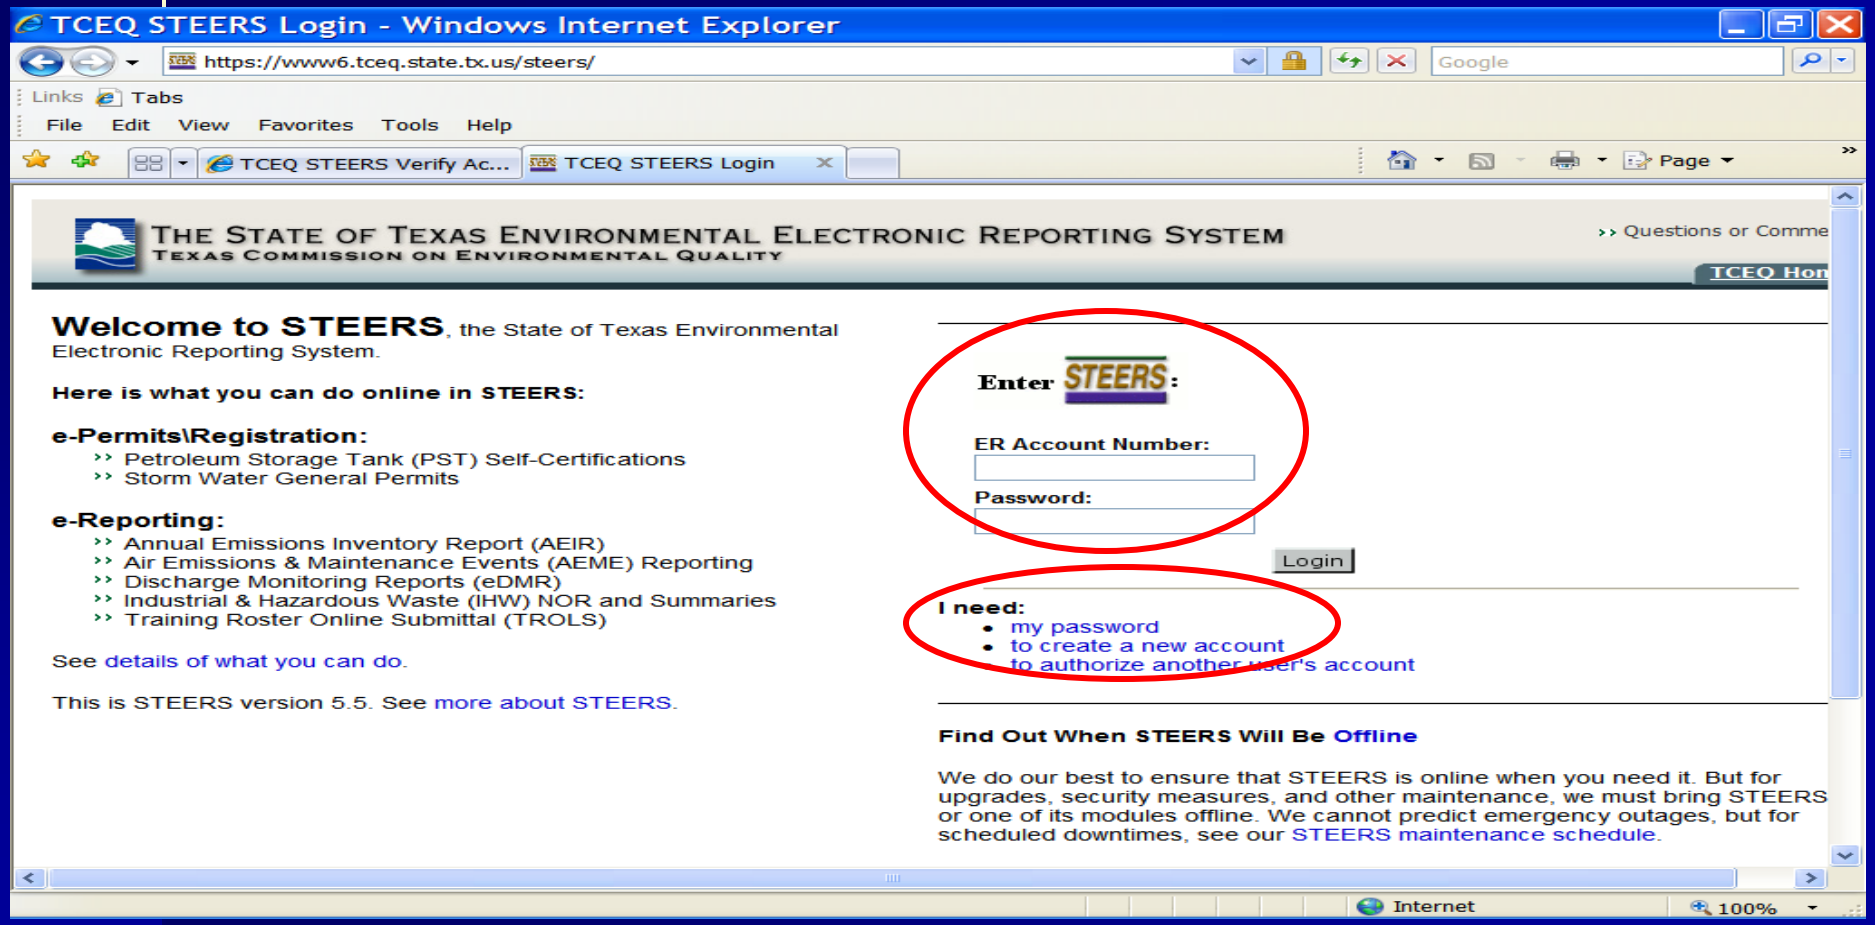


ePermits & Reporting.

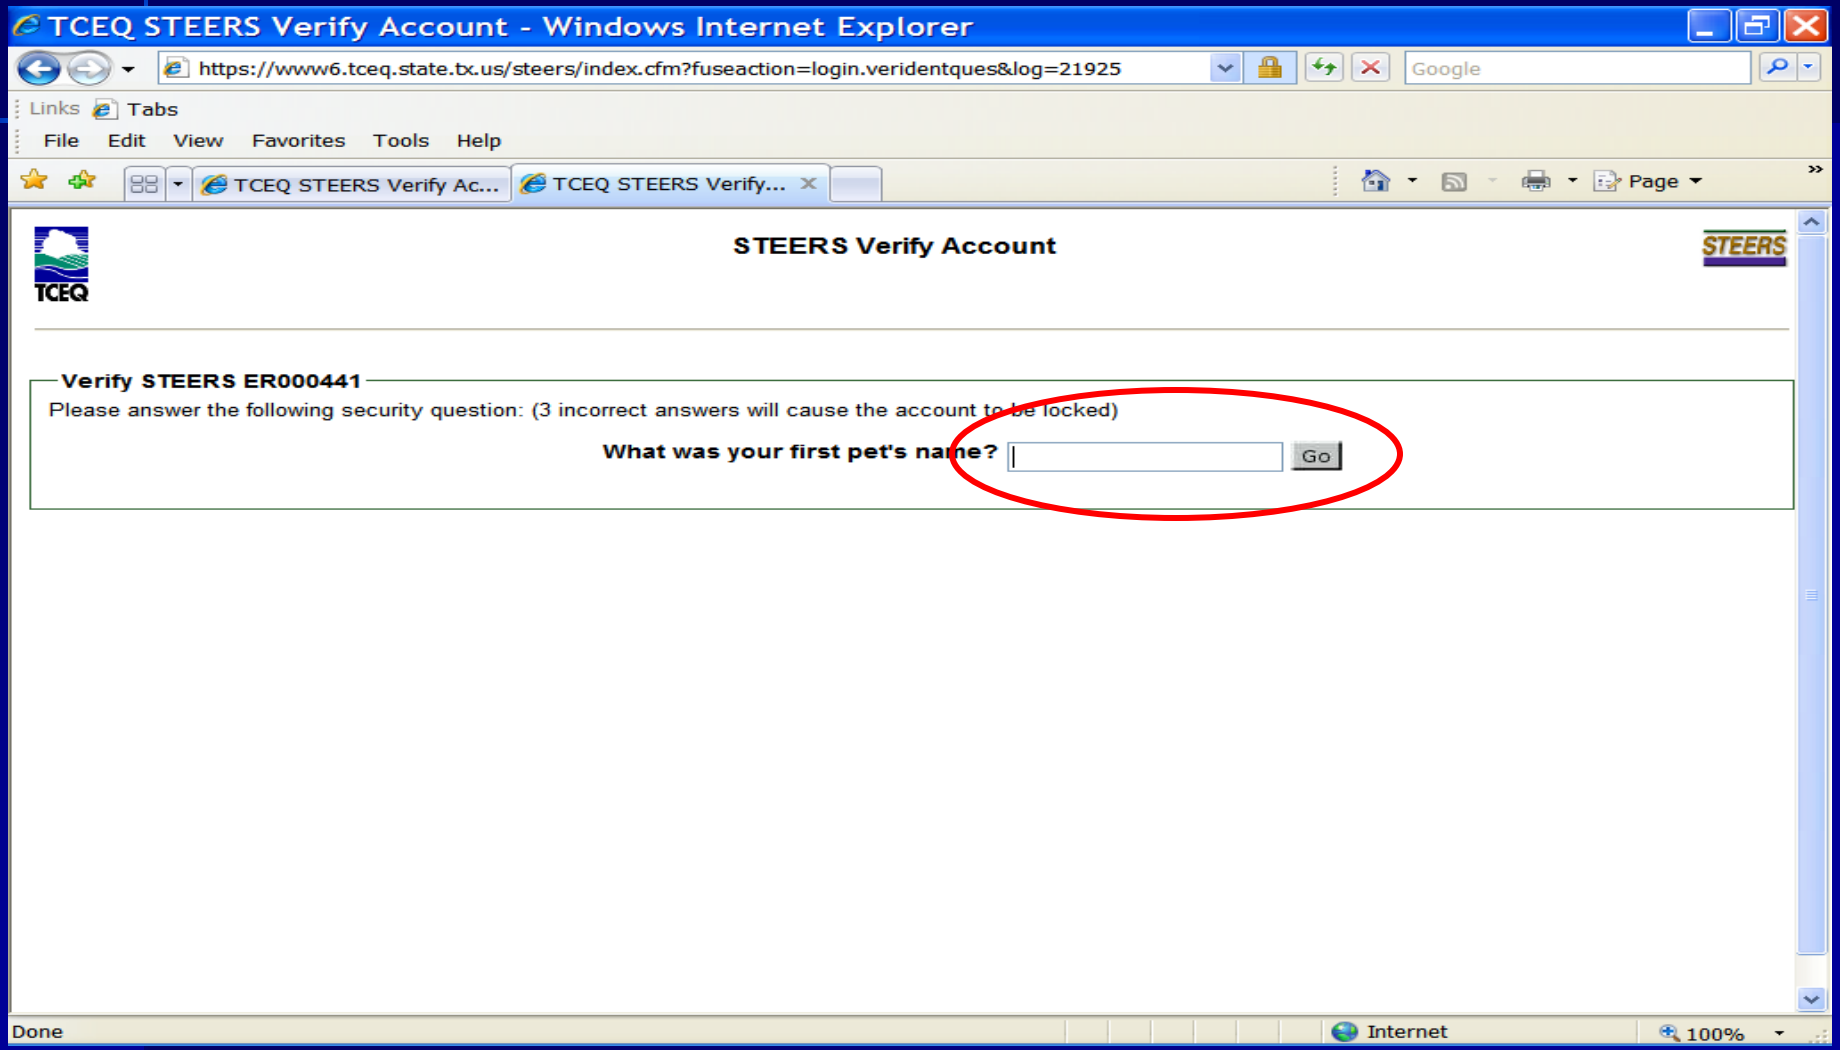
Choose the Reporting button to continue to the STEERS Login page.

Log in to STEERS.

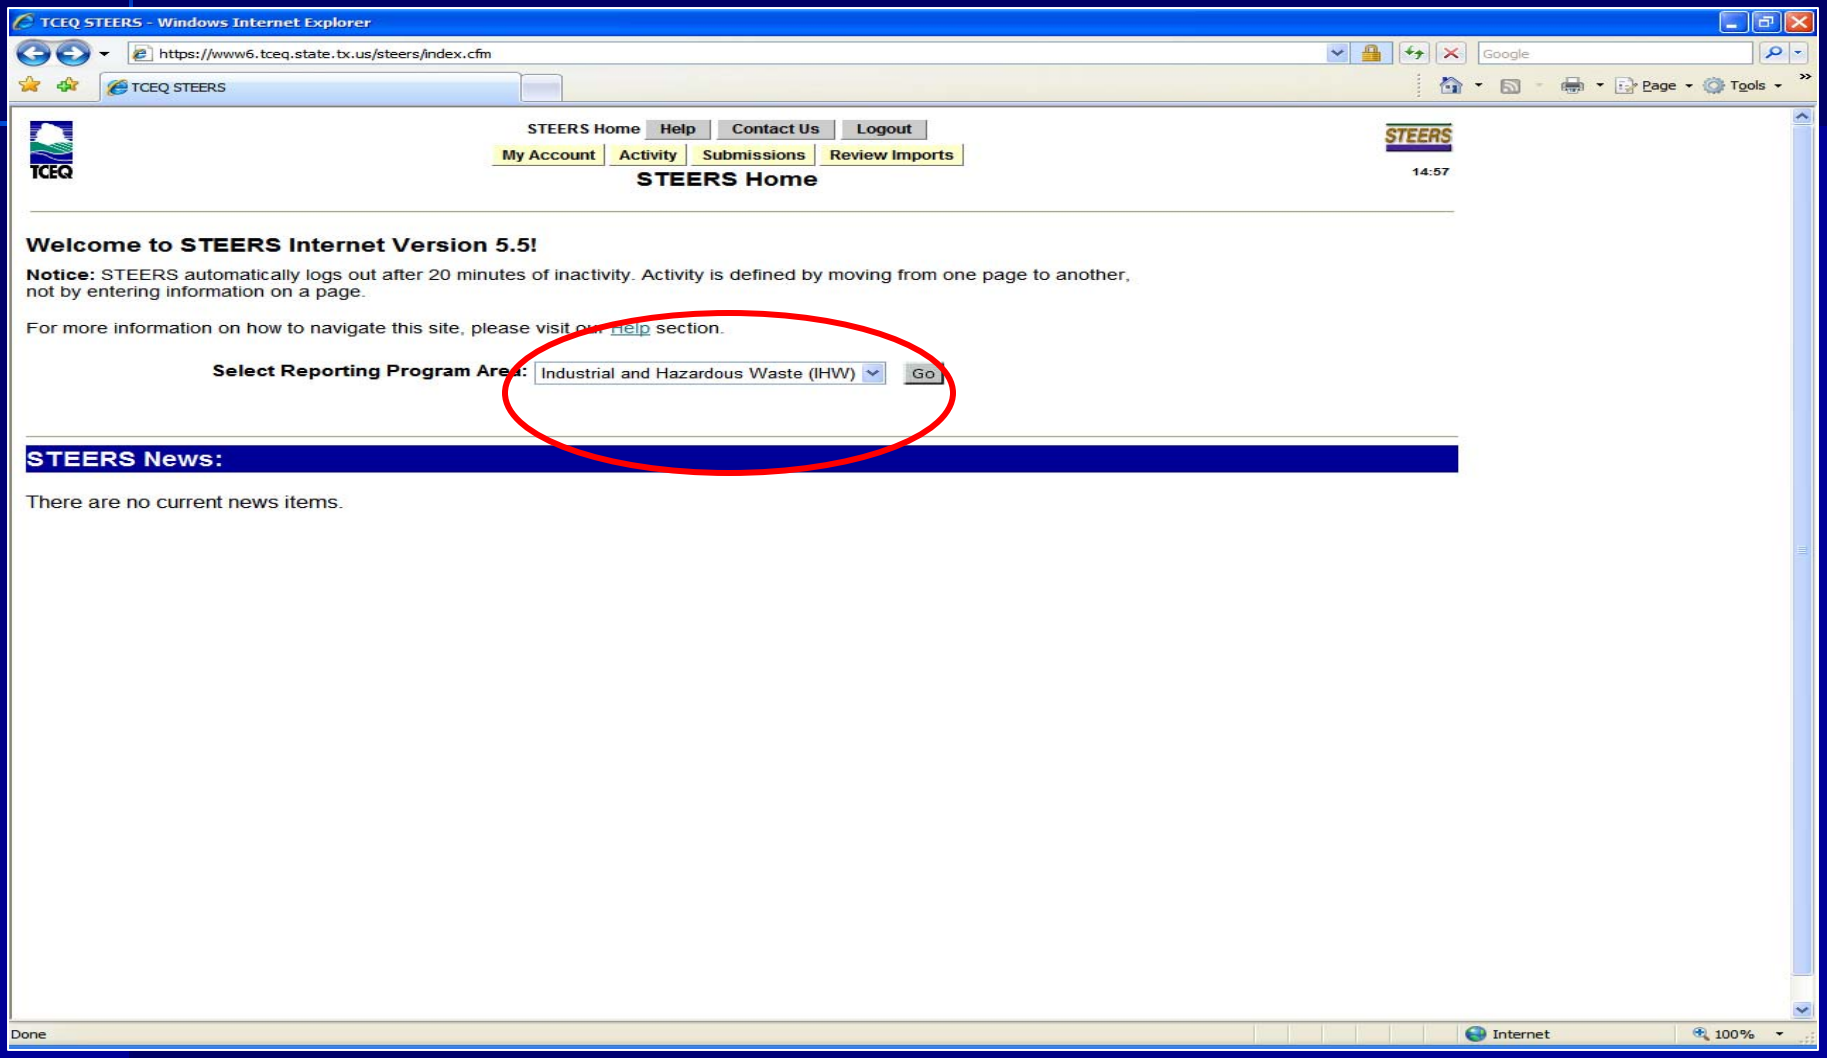
If you do not have a STEERS account, go to "I need:" and choose "to create a new account." Complete the STEERS Participation Agreement (SPA) and submit the information online. Provide your Texas Driver's License and you will receive your ER Account Number the same day through email.



Answer the security question that you established in your Steers Participation Agreement, click Go.

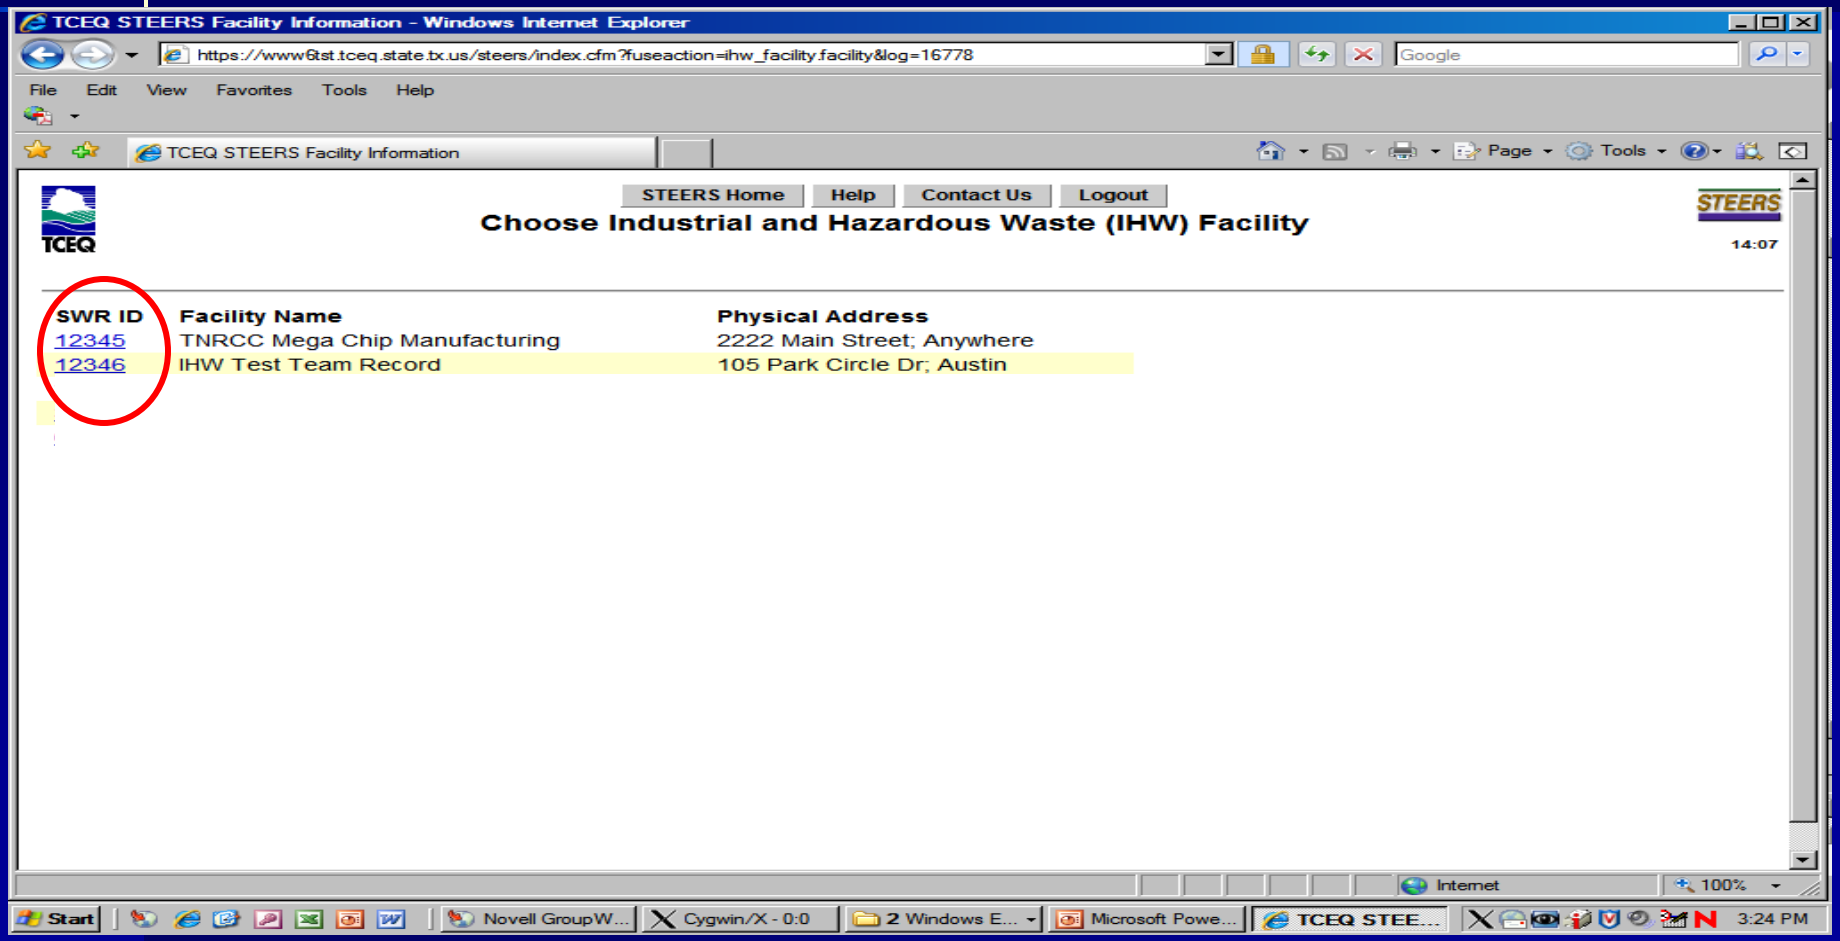


Select the Industrial and Hazardous Waste (IHW) Program Area from the drop down list. Click Go



Select Facility.

Please select the SWR ID for the facility for which you are submitting an annual report.



Click AWS at the top of the screen.

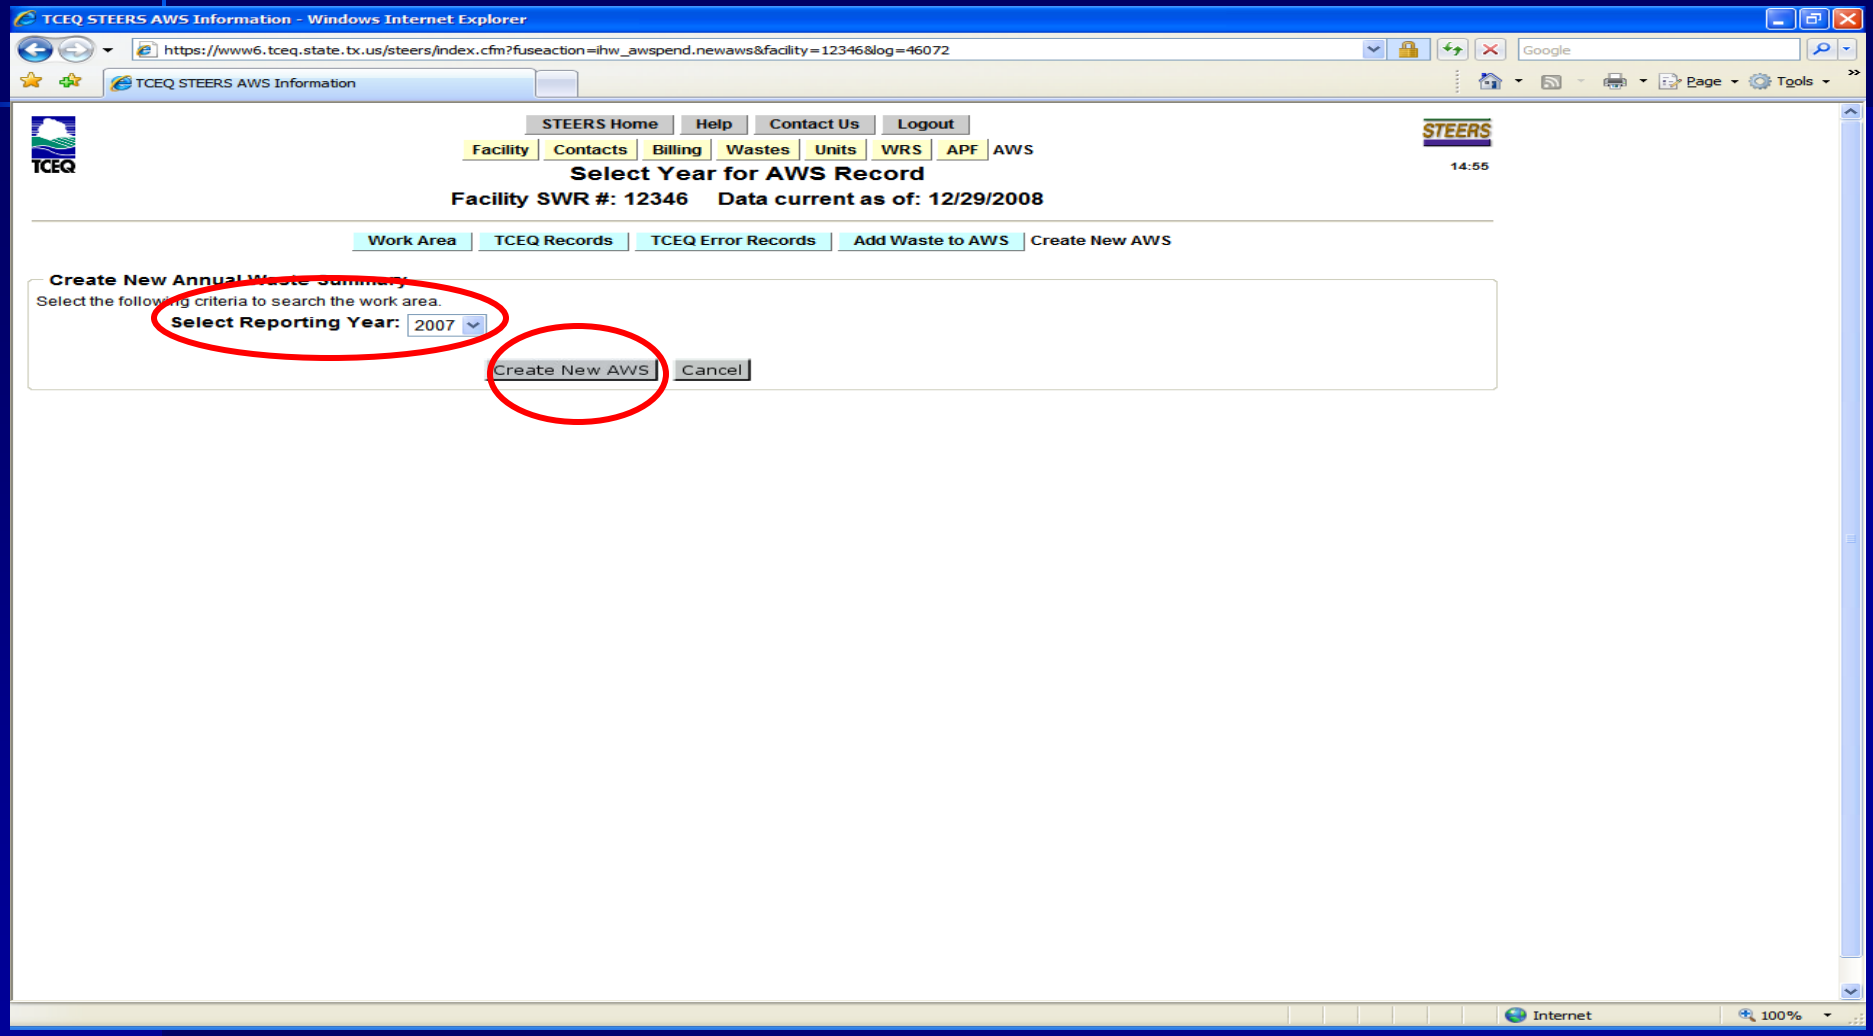
Done Internet 100%

Create New AWS.

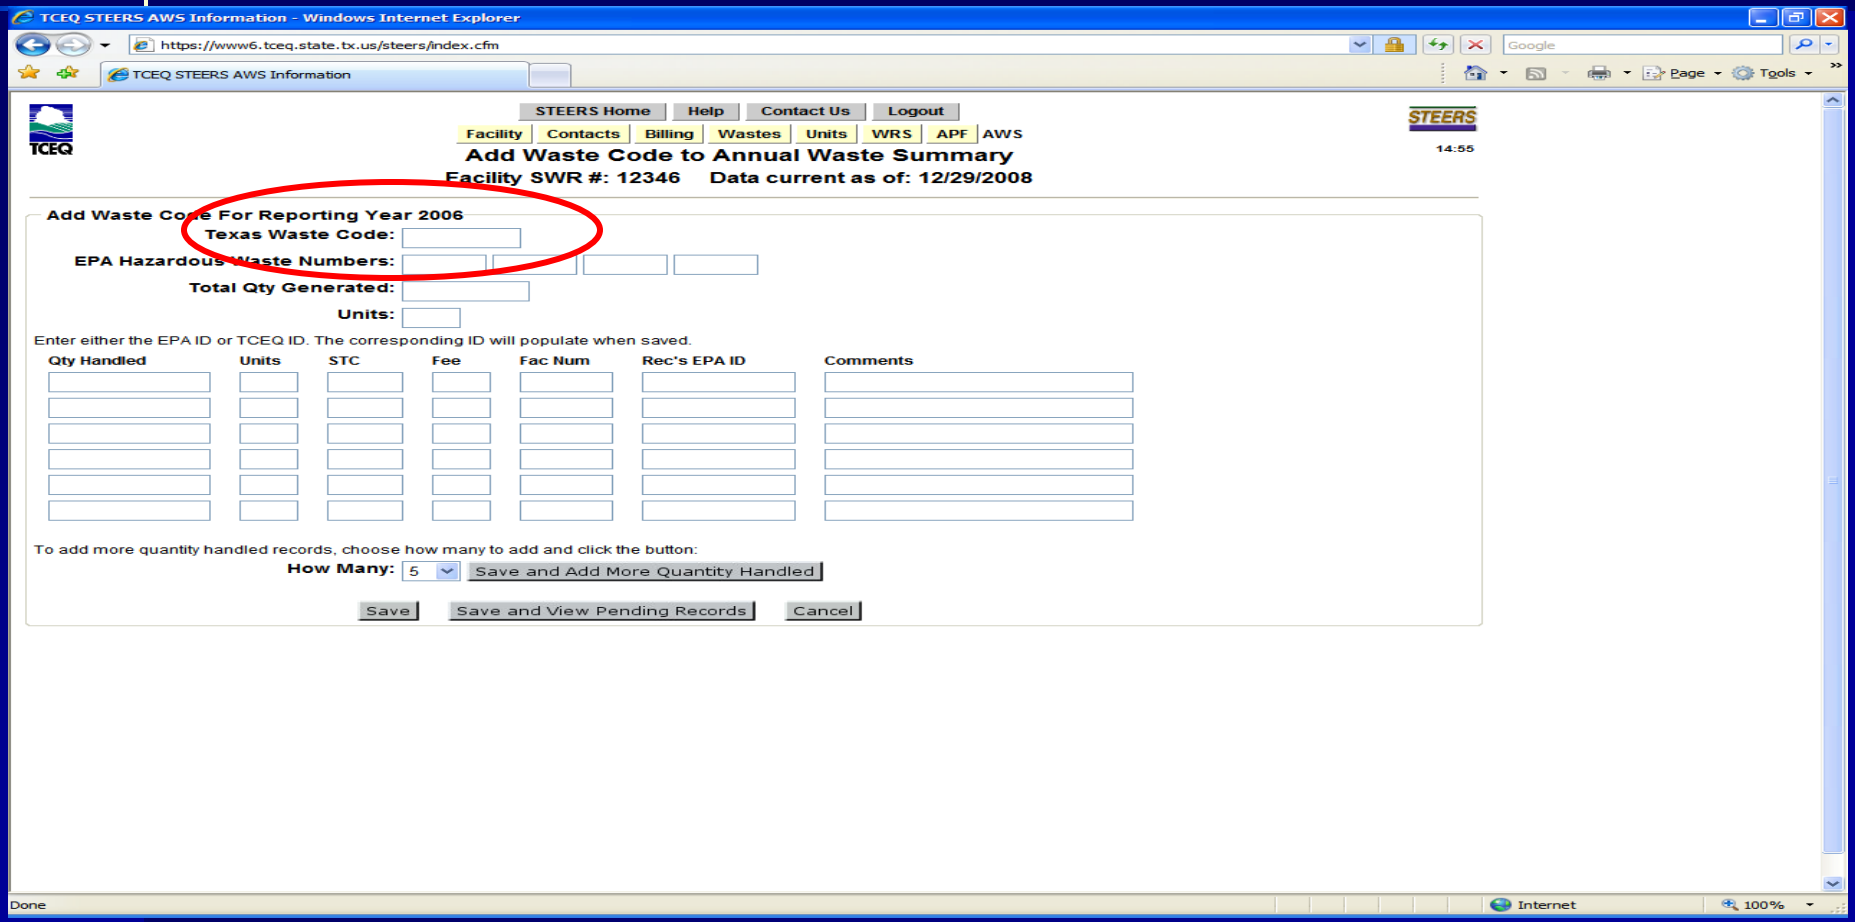
Select the year for which you wish to report and then choose Create New AWS.



Enter the Texas Waste Code.

The Texas Waste Code must be 8 digits in length and end in an "H" or a "1" indicating hazardous or Class 1 waste. Class 2 and Class 3 wastes are not reported on the AWS.

****In order to enter a specific Texas waste code, it must be on your notice of registration.**



Enter EPA Hazardous Waste Numbers.

If the waste is hazardous, at least one EPA hazardous waste number is required.
If more than four codes exist, use the four codes that best describe the waste.
If the waste is non-hazardous, leave this field blank.

Add Waste Code to Annual Waste Summary

Facility SWR #: 12346 Data current as of: 12/29/2008

14:55

Add Waste Code For Reporting Year 2006

Texas Waste Code:

EPA Hazardous Waste Numbers:

Total Qty Generated:

Units:

Enter either the EPA ID or TCEQ ID. The corresponding ID will populate when saved.

Qty Handled	Units	STC	Fee	Fac Num	Rec's EPA ID	Comments

To add more quantity handled records, choose how many to add and click the button:

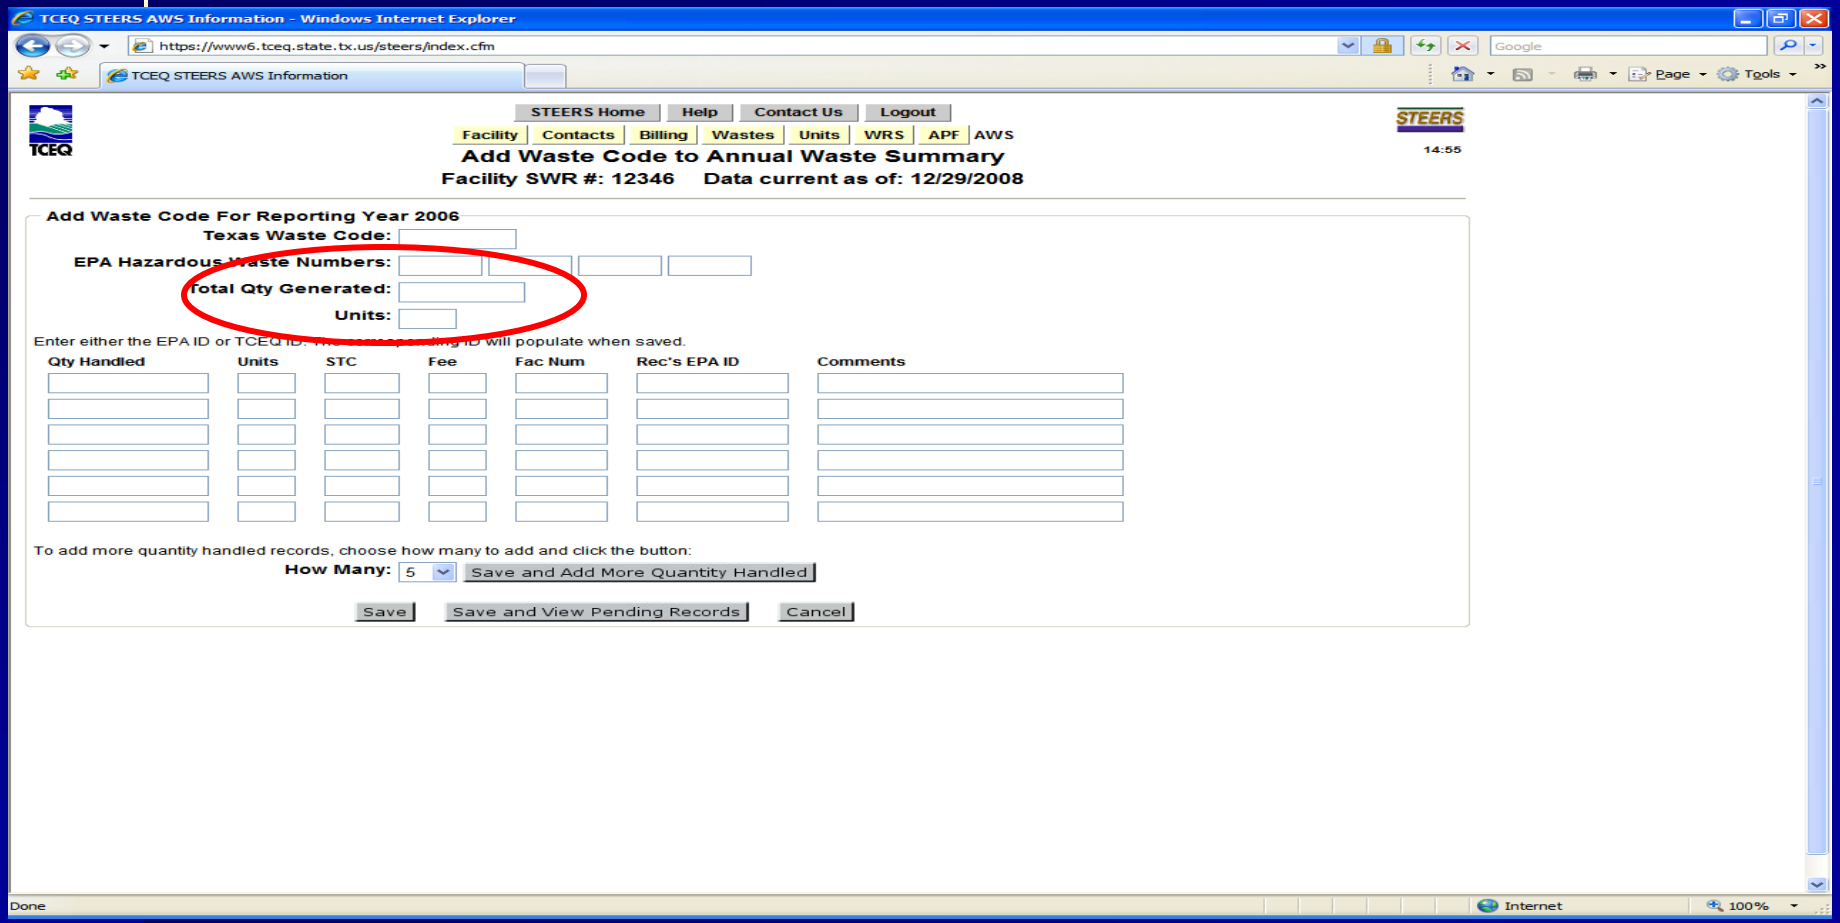
How Many: 5 Save and Add More Quantity Handled

Save | Save and View Pending Records | Cancel

Done | Internet | 100%

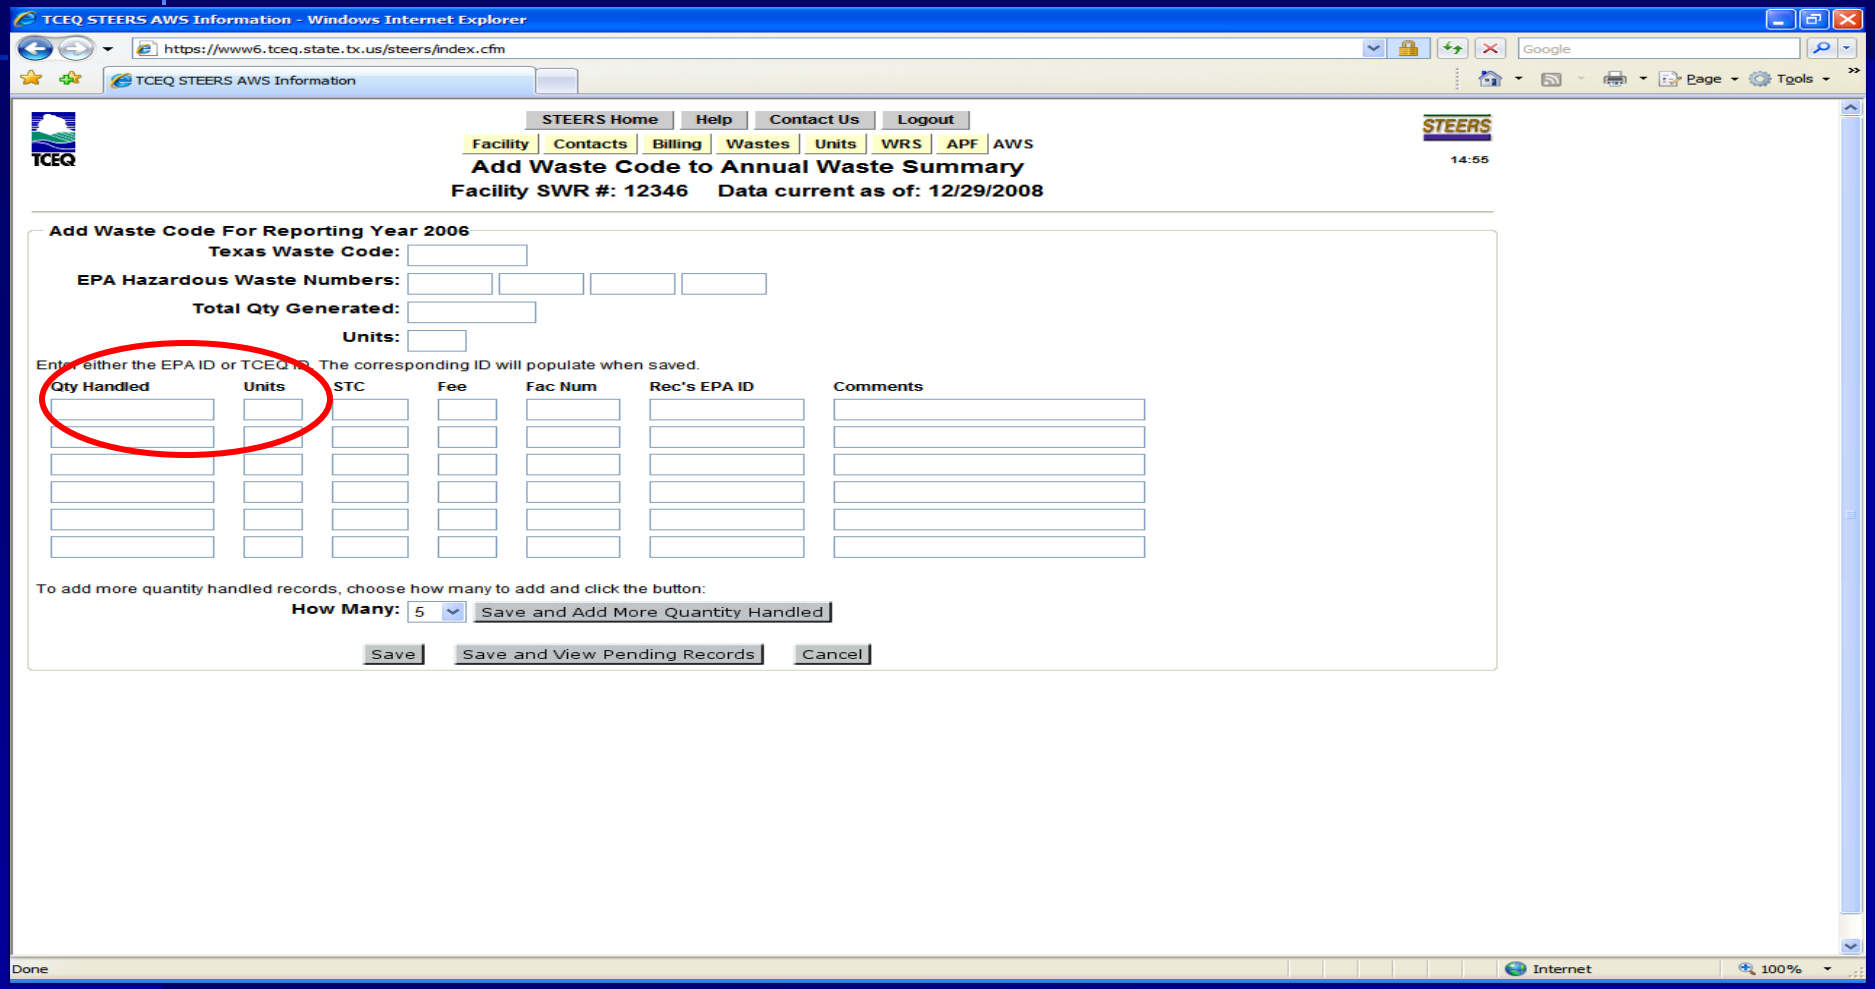
Enter Total Quantity Generated and Units.

Using units of "P" for pounds, "K" for kilograms, or "T" for tons, enter the total quantity of this waste that this facility generated during this report year – Jan. 1 through Dec. 31. Any waste generated in a previous year and shipped or still on site during the report year, should NOT be included in the total quantity generated. If this facility did not generate any of this waste during the report year, but managed or handled some quantity of this waste, enter a zero ("0") in this field.



Enter Quantity Handled and Units.

Enter the amount of waste that was managed or shipped. Report a separate quantity handled in a new row each time the receiving facility or the system type code changes. All units must be the same for "Quantity Handled" and "Total Quantity Generated".



Enter System Type Code.

Enter the system type code. For a list of system type codes choose the "Help" button at the top of the screen.

IHW Annual Waste Summary

Annual Waste Summary (AWS)

- Creating AWS from APF data
- Creating AWS from Scratch
- Updating an Existing AWS which has not been submitted to the TCEQ
- Correcting a TCEQ Error Record
- No Report Required
- Common Questions and Answers
- Field Definitions

No Report Required

Click **AWS** at the top of the screen. The "Annual Waste Summary" screen will be displayed. If you have an existing Annual Waste Summary from a previous year, you can search for it on this screen.

In the **"Work on Annual Waste Summary"** section, located at the bottom of the page, select the year for which you wish to report. Click **Create New AWS**. The "Create New Annual Waste Summary for Year (The year you selected)" screen will display. If your facility meets all of the conditions listed on the screen, a "No Report Required" Annual Waste Summary may be submitted. Click **Create No Report Required**. The "Confirm Records to Send to TCEQ" screen will display. Enter your password and click **Confirm Submit**.

The conditions for a "No Report Required" Annual Waste Summary are the following:

To view the listed information, choose the link.

System Type Codes

Out of State Generator/Receiver IDs

Foreign Generator/Receiver IDs

IHW System Type Codes

System Type Codes

010 - Metals recovery including retorting, smelting, chemical, etc.
020 - Solvents recovery
039 - Other recovery or reclamation for reuse including acid regeneration, organics recovery, etc.
040 - Incineration - thermal destruction other than use as a fuel
050 - Energy recovery at this site - use as fuel (includes on-site fuel blending)
061 - Fuel blending prior to energy recovery at another site
071 - Chemical reduction with or without precipitation
073 - Cyanide destruction with or without precipitation
075 - Chemical oxidation
076 - Wet air oxidation
077 - Other chemical precipitation with or without pre-treatment
081 - Biological treatment with or without precipitation
082 - Adsorption
083 - Air or steam stripping
101 - Sludge treatment
103 - Absorption
111 - Stabilization or chemical fixation prior to disposal at another site
112 - Macro-encapsulation prior to disposal at another site
121 - Neutralization only
122 - Evaporation
123 - Settling or clarification
124 - Phase separation
129 - Other treatment
131 - Land treatment or application (to include on-site treatment and/or stabilization)
132 - Landfill or surface impoundment that will be closed as landfill (to include on-site treatment and/or stabilization)
134 - Deepwell or underground injection (with or without treatment)
135 - Discharge to sewer/POTW or NPDES (with prior storage - with or without treatment)

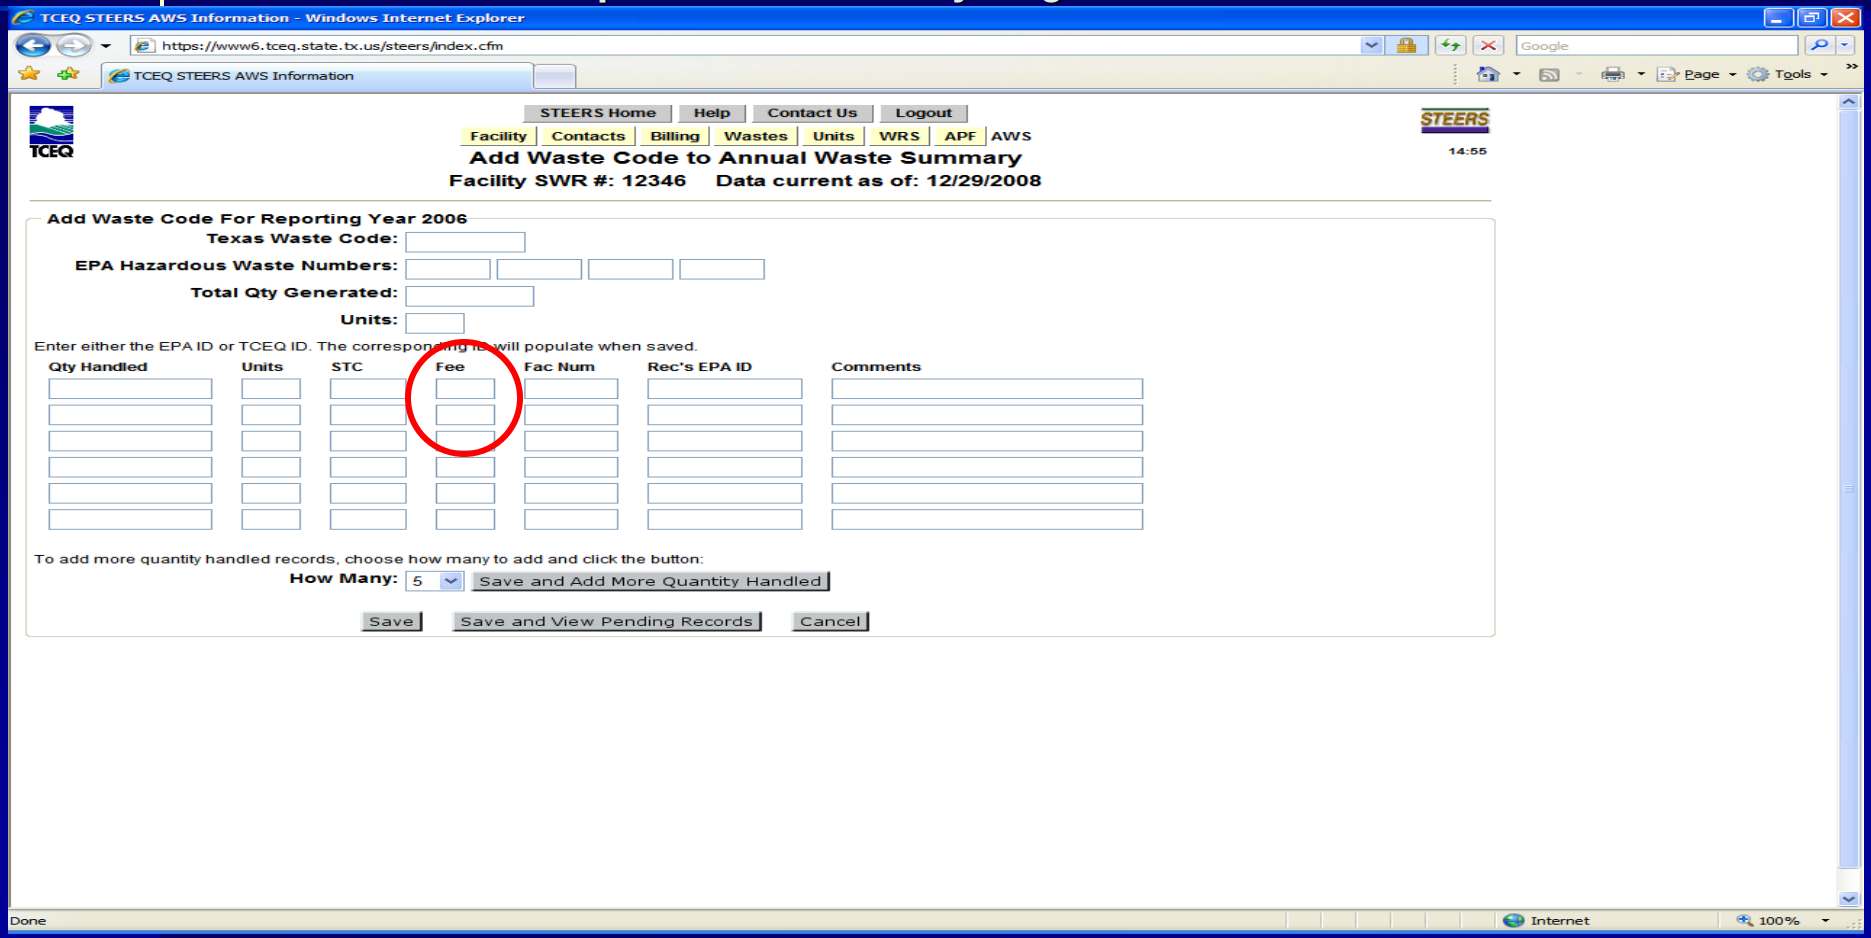
Enter Fee Code.

Leave this field blank UNLESS you are claiming an exemption from the hazardous waste generation fee as allowed in 30 TAC §335.323(c), (d), or (e). Enter the number that corresponds to the applicable exemption.

Use the number 1 for an exemption for wastewater treated on site.

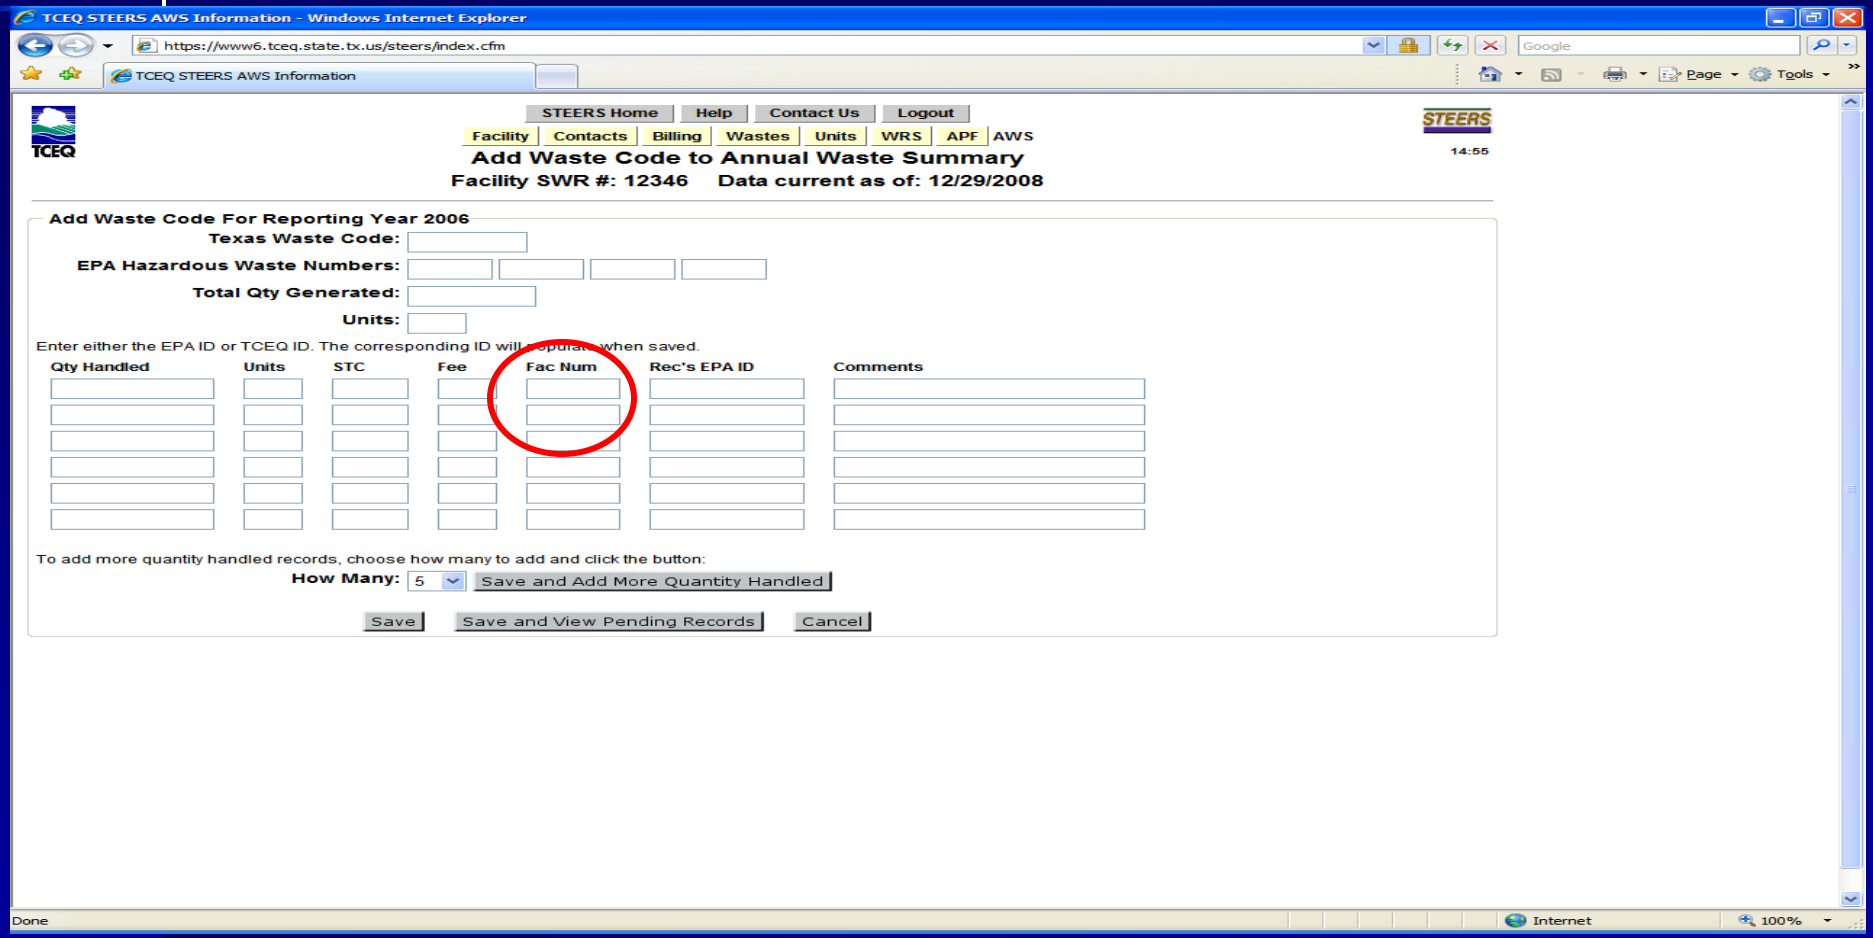
Use the number 2 for an exemption for expenditure of funds from the Texas Hazardous and Solid Waste Remediation Fee Fund.

Use the number 3 for an exemption for waste recycling.



Enter Facility Number.

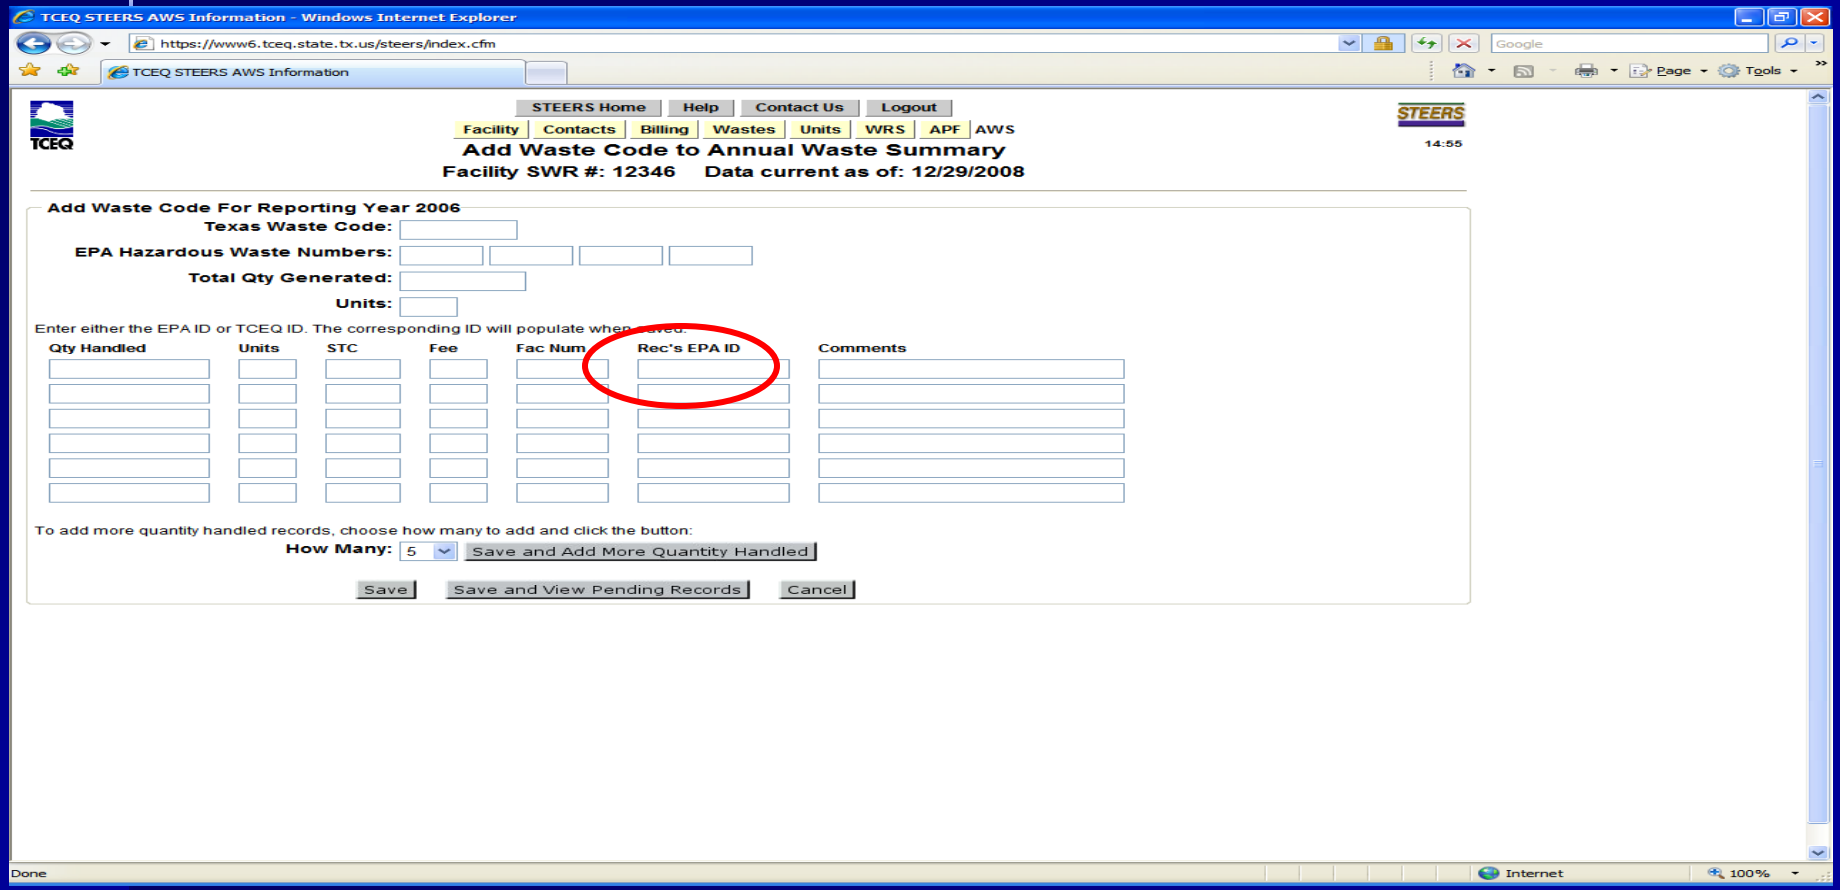
Enter the Receiver's Solid Waste Registration Number (5-digit) or the on site Waste Management Unit sequence number (3-digit). If the waste was sent to a Texas Railroad Commission facility enter "RRCOM". If the waste was sent to an out-of-state or foreign receiver, enter the 5-digit code associated with the state or country. To see a list of "Out of State Generator/Receiver IDs" and "Foreign Generator/Receiver IDs" return to slides 15-17 for instructions on viewing the Help Screens.



Enter Receiver's EPA ID Number.

If the waste is hazardous and managed off-site, you must provide the receiver's EPA ID Number in this field. If the waste was shipped to a foreign country enter "FC" followed by the name of the country.

If the waste is non-hazardous and the receiver does not have an EPA ID, leave this field blank and provide the receiver's company name, city, and state in the comment field. You may abbreviate as necessary when entering the company name.



Enter Comments.

Use only one line per quantity handled. If the waste is non-hazardous and the receiver does not have an EPA ID, provide the receiver's company name, city, and state in this field. Otherwise, leave the comment field blank.
