TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN ENFORCEMENT ACTION CONCERNING ARANSAS COUNTY MUNICIPAL UTILITY DISTRICT NO. 1 RN101416634 **BEFORE THE**

TEXAS COMMISSION ON

ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2006-1828-PWS-E

\$ \$ \$ \$ \$ \$

At its _______ agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Aransas County Municipal Utility District No. 1 ("Aransas County MUD No. 1") under the authority of TEX. HEALTH & SAFETY CODE ch. 341. The Executive Director of the TCEQ, through the Enforcement Division, and Aransas County MUD No. 1 presented this agreement to the Commission.

Aransas County MUD No. 1 understands that it has certain procedural rights at certain points in the enforcement process, including, but not limited to, the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Agreed Order, Aransas County MUD No. 1 agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated settlement of the parties. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Agreed Order are binding upon Aransas County MUD No. 1.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

- 1. Aransas County MUD No. 1 owns and operates a public water system at 1338 8th Street near Lamar, Aransas County, Texas (the "Facility") that has approximately 75 service connections and serves at least 25 people per day for at least 60 days per year.
- 2. During a record review conducted on August 29, 2006, TCEQ staff documented that Aransas County MUD No. 1 did not comply with the maximum contaminant level ("MCL") of 0.080 milligrams per liter ("mg/L") for total trihalomethanes ("TTHM") based on a running annual average. Specifically, the running annual average for TTHM was 0.099 mg/L for the second quarter of 2005, 0.139 mg/L

•

for the third quarter of 2005, 0.138 mg/L for the fourth quarter of 2005, 0.135 mg/L for the first quarter of 2006, and 0.137 mg/L for the second quarter of 2006.

3. Aransas County MUD No. 1 received notices of the violations dated September 16 and September 30, 2005, and January 12, April 19, July 20, and August 31, 2006.

II. CONCLUSIONS OF LAW
