TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN
ENFORCEMENT ACTION
CONCERNING
JESKE CONSTRUCTION CO.
RN101560324

§
§
§
§
§

BEFORE THE
TEXAS COMMISSION ON
ENVIRONMENTAL QUALITY

AGREED ORDER
DOCKET NO. 2008-1419-WQ-E

At its _____ agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Jeske Construction Co. ("the Respondent") under the authority of TEX. WATER CODE chs. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent presented this agreement to the Commission.

The Respondent understands that it has certain procedural rights at certain points in the enforcement process, including, but not limited to, the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Agreed Order, the Respondent agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated settlement of the parties. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Agreed Order are binding upon the Respondent.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

1. The Respondent owns and operates a construction company at 2546 Merrell Road in Dallas, Dallas County, Texas. The Respondent was conducting road construction activities at 800 Easton Road in Dallas, Dallas County, Texas (the "Site").

The first part of the document discusses the importance of maintaining accurate records and the role of the auditor in ensuring the integrity of the financial statements. It highlights the need for transparency and accountability in the reporting process.

The second part of the document focuses on the specific requirements for the audit report, including the format and content. It provides detailed instructions on how to structure the report and what information should be included in each section.

The final part of the document addresses the ethical considerations that auditors must adhere to. It emphasizes the importance of objectivity, independence, and confidentiality in the audit process.

APPENDIX A: ADDITIONAL INFORMATION

This appendix provides additional information regarding the audit process and the role of the auditor. It includes details on the audit methodology, the scope of the audit, and the responsibilities of the auditor.

The appendix also discusses the importance of communication between the auditor and the management of the entity being audited. It emphasizes the need for clear and timely communication to ensure the audit is conducted smoothly and effectively.

Finally, the appendix provides information on the audit fees and the terms of the engagement. It outlines the factors that influence the audit fee and the conditions under which the fee is payable.

APPENDIX B: CONTACT INFORMATION

For further information, please contact the auditor at the following address:

123 Main Street
City, State, ZIP

The auditor's contact information is provided for the convenience of the client. It is important to note that the auditor is not responsible for the accuracy of the information provided in this document.

2. The Respondent has discharged industrial waste into or adjacent to any water in the state under TEX. WATER CODE ch. 26.
3. During an investigation on May 23, 2008, TCEQ staff documented that during road construction activities at 800 Easton Road, approximately 1,000 pounds of lime slurry ran over a berm and into the street where some of the lime slurry flowed and/or was washed into a storm drain which flowed to an unnamed creek and then into the Dixon Branch of White Rock Lake killing approximately fifteen fish.
4. The Respondent received notice of the violations on August 16, 2008.
5. The Executive Director recognizes that on May 22, 2008 the Respondent hired an environmental contractor that thoroughly flushed and vacuumed out the storm drains, diverted the creek flow until the cleanup was complete, vacuumed the creek bottom to remove the lime and completed the cleanup on May 23, 2008.

II. CONCLUSIONS OF LAW

1. The Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. WATER CODE chs. 7 and 26 and the rules of the Commission.
2. As evidenced by Findings of Fact No. 3, the Respondent failed to prevent the unauthorized discharge of lime slurry into or adjacent to the water in the state, in violation of TEX. WATER CODE § 26.121.
3. Pursuant to TEX. WATER CODE § 7.051, the Commission has the authority to assess an administrative penalty against the Respondent for violations of the Texas Water Code and the Texas Health and Safety Code within the Commission's jurisdiction; for violations of rules adopted under such statutes; or for violations of orders or permits issued under such statutes.
4. An administrative penalty in the amount of Seven Thousand Five Hundred Dollars (\$7,500) is justified by the facts recited in this Agreed Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053. The Respondent has paid the Seven Thousand Five Hundred Dollar (\$7,500) administrative penalty.

III. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The Respondent is assessed an administrative penalty in the amount of Seven Thousand Five Hundred Dollars (\$7,500) as set forth in Section II, Paragraph 4 above, for violations of TCEQ

rules and state statutes. The payment of this administrative penalty and the Respondent's compliance with all the terms and conditions set forth in this Agreed Order completely resolve the violations set forth by this Agreed Order in this action. However, the Commission shall not be constrained in any manner from requiring corrective actions or penalties for other violations that are not raised here. Administrative penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Jeske Construction Co., Docket No. 2008-1419-WQ-E" to:

Financial Administration Division, Revenues Section
Attention: Cashier's Office, MC 214
Texas Commission on Environmental Quality
P.O. Box 13088
Austin, Texas 78711-3088

2. The provisions of this Agreed Order shall apply to and be binding upon the Respondent.
3. The Executive Director may refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings without notice to the Respondent if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Agreed Order.
4. This Agreed Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Agreed Order, whichever is later.
5. This Agreed Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Agreed Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
6. This agreement may be executed in multiple counterparts, which together shall constitute a single original instrument. Any executed signature page to this Agreement may be transmitted by facsimile transmission to the other parties, which shall constitute an original signature for all purposes.
7. The Chief Clerk shall provide a copy of this Agreed Order to each of the parties. By law, the effective date of this Agreed Order is the third day after the mailing date, as provided by 30 TEX. ADMIN. CODE § 70.10(b) and TEX. GOV'T CODE § 2001.142.

The first part of the paper deals with the general theory of the problem. It is shown that the problem is equivalent to a certain type of boundary value problem for a certain type of partial differential equation. The second part of the paper deals with the special case of the problem. It is shown that the problem is equivalent to a certain type of boundary value problem for a certain type of partial differential equation. The third part of the paper deals with the numerical solution of the problem. It is shown that the problem can be solved numerically by using a certain type of numerical method.

The fourth part of the paper deals with the asymptotic expansion of the solution of the problem. It is shown that the solution can be expanded in powers of a certain parameter. The fifth part of the paper deals with the stability of the solution of the problem. It is shown that the solution is stable under certain conditions. The sixth part of the paper deals with the convergence of the numerical solution of the problem. It is shown that the numerical solution converges to the exact solution under certain conditions.

The seventh part of the paper deals with the error analysis of the numerical solution of the problem. It is shown that the error of the numerical solution is of a certain order. The eighth part of the paper deals with the application of the theory of the problem to a certain physical problem. It is shown that the theory can be applied to a certain physical problem. The ninth part of the paper deals with the conclusion of the paper. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation.

The tenth part of the paper deals with the references. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation. The eleventh part of the paper deals with the appendix. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation.

The twelfth part of the paper deals with the index. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation. The thirteenth part of the paper deals with the subject index. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation.

The fourteenth part of the paper deals with the author's address. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation. The fifteenth part of the paper deals with the author's biography. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation.

The sixteenth part of the paper deals with the author's acknowledgments. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation. The seventeenth part of the paper deals with the author's contact information. It is shown that the theory of the problem is a certain type of boundary value problem for a certain type of partial differential equation.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

For the Commission

For the Executive Director

Date 11/22/2009

I, the undersigned, have read and understand the attached Agreed Order in the matter of Jeske Construction Co. I am authorized to agree to the attached Agreed Order on behalf of Jeske Construction Co., and do agree to the specified terms and conditions. I further acknowledge that the TCEQ, in accepting payment for the penalty amount, is materially relying on such representation.

I understand that by entering into this Agreed Order, Jeske Construction Co. waives certain procedural rights, including, but not limited to, the right to formal notice of violations addressed by this Agreed Order, notice of an evidentiary hearing, the right to an evidentiary hearing, and the right to appeal. I agree to the terms of the Agreed Order in lieu of an evidentiary hearing. This Agreed Order constitutes full and final adjudication by the Commission of the violations set forth in this Agreed Order.

I also understand that failure to comply with the Ordering Provisions, if any, in this order and/or failure to timely pay the penalty amount, may result in:

- A negative impact on compliance history;
- Greater scrutiny of any permit applications submitted;
- Referral of this case to the Attorney General's Office for contempt, injunctive relief, additional penalties, and/or attorney fees, or to a collection agency;
- Increased penalties in any future enforcement actions;
- Automatic referral to the Attorney General's Office of any future enforcement actions; and
- TCEQ seeking other relief as authorized by law.

In addition, any falsification of any compliance documents may result in criminal prosecution.
