DEFAULT AND SHUTDOWN ORDER

DOCKET NO. 2011-1275-PST-E

At its _____ agenda meeting, the Texas Commission on Environmental Quality ("Commission" or "TCEQ") considered the Executive Director's Preliminary Report and Petition filed pursuant to TEX. WATER CODE chs. 7 and 26 and the rules of the TCEQ, which requests appropriate relief, including the imposition of an administrative penalty, corrective action of the respondent, and revocation of the respondent's fuel delivery certificate. The Commission also considered the Executive Director's Motion requesting the entry of an Order requiring the respondent to shutdown and remove from service the underground storage tanks ("USTs") located at 8788 Hammerly Boulevard in Houston, Harris County, Texas. The respondent made the subject of this Order is Ata Ur Rahman Khawaja d/b/a M & R Food Mkt ("Respondent").

The Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. Respondent owns and operates, as defined in 30 TEX. ADMIN. CODE § 334.2(73) and (70), a UST system and a convenience store located at 8788 Hammerly Boulevard in Houston, Harris County, Texas (the "Facility"). The USTs at the Facility are not exempt or excluded from regulation under the Texas Water Code or the rules of the Commission, and contain a regulated petroleum substance as defined in the rules of the TCEQ.
2. During an investigation conducted on February 7, 2011, by a University of Texas at Arlington Petroleum Storage Tank investigator, and a record review conducted on June 29, 2011, it was documented that Respondent:
 - a. Failed to provide proper corrosion protection for the UST system; and
 - b. Failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring). Specifically, the regular unleaded UST was not being monitored for releases.
3. By letter dated June 29, 2011, the University of Texas at Arlington provided Respondent with notice of the violations and of TCEQ's authority to shut down and remove from service USTs not in compliance with release detection, spill and/or overfill prevention, corrosion protection, and/or financial assurance requirements if the violations are not corrected.

4. The Executive Director recognizes that Respondent implemented corrosion protection measures for the UST system at the Facility on July 26, 2011.
5. The Executive Director filed the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of Ata Ur Rahman Khawaja d/b/a M & R Food Mkt" (the "EDPRP") in the TCEQ Chief Clerk's office on December 1, 2011.
6. By letter dated December 1, 2011, sent to Respondent's last known address via certified mail, return receipt requested, and via first class mail, postage prepaid, the Executive Director served Respondent with notice of the EDPRP. According to the return receipt "green card," Respondent received notice of the EDPRP on December 3, 2011, as evidenced by the signature on the card.
7. More than 20 days have elapsed since Respondent received notice of the EDPRP. Respondent failed to file an answer and failed to request a hearing.
8. By letter dated January 3, 2012, the Executive Director provided Respondent with notice of TCEQ's intent to order the USTs at the Facility to be shut down and removed from service if Respondent failed to correct the release detection violation within 30 days after Respondent's receipt of the notice.
9. As of the date of entry of this Order, Respondent has not provided the Executive Director with documentation demonstrating that the release detection violation alleged in Finding of Fact No. 2.b. has been corrected.
10. The USTs at the Facility do not have release detection as required by TEX. WATER CODE § 26.3475(c)(1) and 30 TEX. ADMIN. CODE § 334.50(b)(1)(A) and may be releasing petroleum products to the environment. Therefore, conditions at the Facility constitute an imminent peril to public health, safety, and welfare.

CONCLUSIONS OF LAW

1. As evidenced by Finding of Fact No. 1, Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. WATER CODE ch. 26 and the rules of the Commission.
2. As evidenced by Finding of Fact No. 2.a., Respondent failed to provide proper corrosion protection for the UST system, in violation of TEX. WATER CODE § 26.3475(d) and 30 TEX. ADMIN. CODE § 334.49(a)(1).
3. As evidenced by Finding of Fact No. 2.b., Respondent failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring), in violation of TEX. WATER CODE § 26.3475(c)(1) and 30 TEX. ADMIN. CODE § 334.50(b)(1)(A).
4. As evidenced by Findings of Fact Nos. 5 and 6, the Executive Director timely served Respondent with proper notice of the EDPRP, as required by TEX. WATER CODE § 7.055 and 30 TEX. ADMIN. CODE § 70.104(a).

5. As evidenced by Finding of Fact No. 7, Respondent failed to file a timely answer as required by TEX. WATER CODE § 7.056 and 30 TEX. ADMIN. CODE § 70.105. Pursuant to TEX. WATER CODE § 7.057 and 30 TEX. ADMIN. CODE § 70.106, the Commission may enter a Default Order against Respondent and assess the penalty recommended by the Executive Director.
6. Pursuant to TEX. WATER CODE § 7.051, the Commission has the authority to assess an administrative penalty against Respondent for violations of state statutes within the Commission's jurisdiction, for violations of rules adopted under such statutes, or for violations of orders or permits issued under such statutes.
7. An administrative penalty in the amount of six thousand dollars (\$6,000.00) is justified by the facts recited in this Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053.
8. As evidenced by Findings of Fact Nos. 3, 8, and 9, Respondent failed to correct documented violations of Commission release detection requirements within 30 days after Respondent received notice of the violations and notice of the Executive Director's intent to shut down the Facility.
9. TEX. WATER CODE §§ 26.3475(e) and 26.352(i) authorize the Commission to order a UST owner or operator to shut down a UST system if, within 30 days after receiving notice of the violations, the owner or operator fails to correct violations of Commission regulatory requirements relating to release detection for tanks and/or piping, spill and/or overfill protection for tanks, corrosion protection for tanks and/or piping, and/or acceptable financial assurance.
10. TEX. WATER CODE §§ 5.102 and 7.002 authorize the Commission to issue orders and make determinations necessary to effectuate the purposes of the statutes within its jurisdiction.
11. Pursuant to 30 TEX. ADMIN. CODE § 334.8(c)(6), the Commission has authority to revoke Respondent's UST fuel delivery certificate if the Commission finds that good cause exists.
12. Good cause for revocation of Respondent's UST fuel delivery certificate exists as justified by Findings of Fact Nos. 2 and 5 through 7 and Conclusions of Law Nos. 2 through 5.
13. As evidenced by Findings of Fact Nos. 9 and 10, current conditions at the Facility constitute an imminent peril to public health, safety, and welfare. Therefore, pursuant to the Administrative Procedure Act, TEX. GOV'T CODE § 2001.144(a)(3), this Order is final and effective on the date rendered.

ORDERING PROVISIONS

NOW, THEREFORE, IT IS ORDERED BY THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY that:

1. Immediately upon the effective date of this Order, Respondent shall take the following steps to shut down operations of all USTs at the Facility:

- a. Cease dispensing fuel from the USTs;

§

"My name is Elizabeth Lieberknecht. I am of sound mind, capable of making this affidavit, and the facts stated in this affidavit are within my personal knowledge and are true and correct.

On behalf of the Executive Director of the Texas Commission on Environmental Quality, the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of Ata Ur Rahman Khawaja d/b/a M & R Food Mkt" (the "EDPRP") was filed in the TCEQ Chief Clerk's office on December 1, 2011.

The EDPRP was mailed to Respondent's last known address on December 1, 2011, via certified mail, return receipt requested, and via first class mail, postage prepaid. According to the return receipt "green card," Respondent received notice of the EDPRP on December 3, 2011, as evidenced by the signature on the card.

More than 20 days have elapsed since Respondent received notice of the EDPRP. Respondent failed to file an answer and failed to request a hearing.

By letter dated January 3, 2012, sent via first class mail and certified mail, return receipt requested article no. 7011 0470 0000 2421 2939, I provided Respondent with notice of the TCEQ's intent to order the USTs at the Facility shut down and removed from service if the violation pertaining to release detection was not corrected within 30 days of Respondent's receipt of the letter. According to the return receipt "green card," Respondent received the notice on January 5, 2012.

As of the date of this affidavit, I am not aware of any evidence that indicates that Respondent has corrected the release detection violation noted during the February 7, 2011, and June 29, 2011, investigations."
