DEFAULT AND SHUTDOWN ORDER

DOCKET NO. 2011-2290-PST-E

At its _____ agenda meeting, the Texas Commission on Environmental Quality ("Commission" or "TCEQ") considered the Executive Director's Preliminary Report and Petition, filed pursuant to TEX. WATER CODE chs. 7 and 26, TEX. HEALTH & SAFETY CODE ch. 382, and the rules of the TCEQ, which requests appropriate relief, including the imposition of an administrative penalty, corrective action of the respondent, and revocation of the station's fuel delivery certificate. The Commission also considered the Executive Director's Motion requesting the entry of an Order requiring the respondent to shutdown and remove from service the underground storage tanks ("USTs") located at 8095 College Street in Beaumont, Jefferson County, Texas. The respondent made the subject of this Order is QUICK SHOP, INC. d/b/a King Tobacco ("Respondent").

The Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. Respondent owns and operates, as defined in 30 TEX. ADMIN. CODE § 334.2(73) and (70), a UST system and a convenience store with retail sales of gasoline located at 8095 College Street in Beaumont, Jefferson County, Texas (the "Station"). The USTs at the Station are not exempt or excluded from regulation under the Texas Water Code or the rules of the Commission, and contain a regulated petroleum substance as defined in the rules of the TCEQ. The Station consists of one or more sources as defined in TEX. HEALTH & SAFETY CODE § 382.003(12).
2. During an investigation conducted on October 18, 2011, a TCEQ Beaumont Regional Office investigator documented that Respondent:
 - a. Failed to demonstrate acceptable financial assurance for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases arising from the operation of petroleum USTs;
 - b. Failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring);
 - c. Failed to provide release detection for the piping associated with the USTs. Specifically, Respondent did not conduct the annual piping tightness test;
 - d. Failed to maintain UST records and make them immediately available for inspection upon request by agency personnel; and

- e. Failed to verify proper operation of the Stage II equipment at least once every 12 months and vapor space manifolding and dynamic back pressure at least once every 36 months or upon major system replacement or modification, whichever occurs first. Specifically, Respondent did not conduct the annual and triennial testing of the Stage II equipment.
3. By letter dated November 17, 2011, the TCEQ Beaumont Regional Office provided Respondent with notice of the violations and of TCEQ's authority to shut down and remove from service USTs not in compliance with release detection, spill and/or overfill prevention, corrosion protection, and/or financial assurance requirements if the violations are not corrected.
4. The Executive Director filed the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of QUICK SHOP, INC. d/b/a King Tobacco" (the "EDPRP") in the TCEQ Chief Clerk's office on April 16, 2012.
5. By letter dated April 16, 2012, sent to Respondent's last known address via certified mail, return receipt requested, and via first class mail, postage prepaid, the Executive Director served Respondent with notice of the EDPRP. The United States Postal Service returned the EDPRP sent by certified mail as "unclaimed." The first class mail has not been returned, indicating that Respondent received notice of the EDPRP.
6. More than 20 days have elapsed since Respondent received notice of the EDPRP. Respondent failed to file an answer and failed to request a hearing.
7. By letter dated July 23, 2012, the Executive Director provided Respondent with notice of TCEQ's intent to order the USTs at the Station to be shut down and removed from service if Respondent failed to correct the release detection and financial assurance violations within 30 days after Respondent's receipt of the notice.
8. As of the date of entry of this Order, Respondent has not provided the Executive Director with documentation demonstrating that the release detection and financial assurance violations alleged in Findings of Fact Nos. 2.a. through 2.c. have been corrected.
9. The USTs at the Station do not have release detection or financial assurance as required by TEX. WATER CODE § 26.3475(a) and (c)(1) and 30 TEX. ADMIN. CODE §§ 37.815(a) and (b) and 334.50(b)(1)(A) and (b)(2) and may be releasing petroleum products to the environment. Therefore, conditions at the Station constitute an imminent peril to public health, safety, and welfare.

CONCLUSIONS OF LAW

1. As evidenced by Finding of Fact No. 1, Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. WATER CODE ch. 26, TEX. HEALTH & SAFETY CODE ch. 382, and the rules of the Commission.
2. As evidenced by Finding of Fact No. 2.a., Respondent failed to demonstrate acceptable financial assurance for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases arising from the operation of petroleum USTs, in violation of 30 TEX. ADMIN. CODE § 37.815(a) and (b).

3. As evidenced by Finding of Fact No. 2.b., Respondent failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring), in violation of 30 TEX. ADMIN. CODE § 334.50(b)(1)(A) and TEX. WATER CODE § 26.3475(c)(1).
4. As evidenced by Finding of Fact No. 2.c., Respondent failed to provide release detection for the piping associated with the USTs, in violation of 30 TEX. ADMIN. CODE § 334.50(b)(2) and TEX. WATER CODE § 26.3475(a).
5. As evidenced by Finding of Fact No. 2.d., Respondent failed to maintain UST records and make them immediately available for inspection upon request by agency personnel, in violation of 30 TEX. ADMIN. CODE § 334.10(b).
6. As evidenced by Finding of Fact No. 2.e., Respondent failed to verify proper operation of the Stage II equipment at least once every 12 months and vapor space manifolding and dynamic back pressure at least once every 36 months or upon major system replacement or modification, whichever occurs first, in violation of 30 TEX. ADMIN. CODE § 115.245(2) and TEX. HEALTH & SAFETY CODE § 382.085(b).
7. As evidenced by Findings of Fact Nos. 4 and 5, the Executive Director timely served Respondent with proper notice of the EDPRP, as required by TEX. WATER CODE § 7.055 and 30 TEX. ADMIN. CODE § 70.104(c)(2).
8. As evidenced by Finding of Fact No. 6, Respondent failed to file a timely answer as required by TEX. WATER CODE § 7.056 and 30 TEX. ADMIN. CODE § 70.105. Pursuant to TEX. WATER CODE § 7.057 and 30 TEX. ADMIN. CODE § 70.106, the Commission may enter a Default Order against Respondent and assess the penalty recommended by the Executive Director.
9. Pursuant to TEX. WATER CODE § 7.051, the Commission has the authority to assess an administrative penalty against Respondent for violations of state statutes within the Commission's jurisdiction, for violations of rules adopted under such statutes, or for violations of orders or permits issued under such statutes.
10. An administrative penalty in the amount of twenty-one thousand one hundred thirty-five dollars (\$21,135.00) is justified by the facts recited in this Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053.
11. As evidenced by Findings of Fact Nos. 2, 3, 7, and 8, Respondent failed to correct documented violations of Commission release detection and financial assurance requirements within 30 days after Respondent received notice of the violations and notice of the Executive Director's intent to shut down the USTs at the Station.
12. TEX. WATER CODE §§ 26.3475(e) and 26.352(i) authorize the Commission to order a UST owner or operator to shut down a UST system if, within 30 days after receiving notice of the violations, the owner or operator fails to correct violations of Commission regulatory requirements relating to release detection for tanks and/or piping, spill and/or overfill protection for tanks, corrosion protection for tanks and/or piping, and/or acceptable financial assurance.
13. TEX. WATER CODE §§ 5.102 and 7.002 authorize the Commission to issue orders and make determinations necessary to effectuate the purposes of the statutes within its jurisdiction.
14. Pursuant to 30 TEX. ADMIN. CODE § 334.8(c)(6), the Commission has authority to revoke the Station's UST fuel delivery certificate if the Commission finds that good cause exists.

15. Good cause for revocation of the Station's UST fuel delivery certificate exists as justified by Findings of Fact Nos. 2 and 4 through 6 and Conclusions of Law Nos. 2 through 8.
16. As evidenced by Findings of Fact Nos. 8 and 9, current conditions at the Station constitute an imminent peril to public health, safety, and welfare. Therefore, pursuant to the Administrative Procedure Act, TEX. GOV'T CODE § 2001.144(a)(3), this Order is final and effective on the date rendered.
