DEFAULT AND SHUTDOWN ORDER

DOCKET NO. 2012-2236-PST-E

At its _____ agenda meeting, the Texas Commission on Environmental Quality ("Commission" or "TCEQ") considered the Executive Director's Preliminary Report and Petition, filed pursuant to TEX. WATER CODE chs. 7 and 26 and the rules of the TCEQ, which requests appropriate relief, including the imposition of an administrative penalty, corrective action of the respondent, and revocation of the facility's fuel delivery certificate. The Commission also considered the Executive Director's Motion requesting the entry of an Order requiring the respondent to shutdown and remove from service the underground storage tanks ("USTs") located at 2455 Texas Avenue in Bridge City, Orange County, Texas. The respondent made the subject of this Order is SIRAJ MINARA, INC. d/b/a Grocery Plus ("Respondent").

The Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. Respondent operates, as defined in 30 TEX. ADMIN. CODE § 334.2(70), a UST system and a convenience store with retail sales of gasoline located at 2455 Texas Avenue in Bridge City, Orange County, Texas (Facility ID No. 679) (the "Facility"). The USTs at the Facility are not exempt or excluded from regulation under the Texas Water Code or the rules of the Commission, and contain a regulated petroleum substance as defined in the rules of the TCEQ.
2. During an investigation conducted on January 24, 2012, and a record review conducted on October 17, 2012, a UT Arlington PST Program investigator (TCEQ Contractor) documented that Respondent failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring).
3. By letter dated October 17, 2012, the UT Arlington PST program provided Respondent with notice of the violations and of TCEQ's authority to shut down and remove from service USTs not in compliance with release detection, spill and/or overfill prevention, corrosion protection, and/or financial assurance requirements if the violations were not corrected.
4. The Executive Director filed the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of SIRAJ MINARA, INC. d/b/a Grocery Plus" (the "EDPRP") in the TCEQ Chief Clerk's office on April 12, 2013.

5. The EDPRP was mailed to Respondent's last known address on April 12, 2013, via certified mail, return receipt requested, postage prepaid. The United States Postal Service returned the EDPRP sent by certified mail as "unclaimed."
6. The Executive Director re-filed the EDPRP in the TCEQ Chief Clerk's office on April 24, 2013.
7. By letter dated April 24, 2013, sent to Respondent's last known address via certified mail, return receipt requested, and via first class mail, postage prepaid, the Executive Director served Respondent with notice of the EDPRP. The United States Postal Service returned the EDPRP sent by certified mail as "unclaimed." The first class mail has not been returned, indicating that Respondent received notice of the EDPRP.
8. More than 20 days have elapsed since Respondent received notice of the EDPRP. Respondent failed to file an answer and failed to request a hearing.
9. By letter dated June 3, 2013, the Executive Director provided Respondent with notice of TCEQ's intent to order the USTs at the Facility to be shut down and removed from service if Respondent failed to correct the release detection violation within 30 days after Respondent's receipt of the notice.
10. As of the date of entry of this Order, Respondent has not provided the Executive Director with documentation demonstrating that the release detection violation alleged in Finding of Fact No. 2 has been corrected.
11. The USTs at the Facility do not have release detection as required by TEX. WATER CODE § 26.3475(c)(1) and 30 TEX. ADMIN. CODE § 334.50(b)(1)(A), and may be releasing petroleum products to the environment. Therefore, conditions at the Facility constitute an imminent peril to public health, safety, and welfare.

CONCLUSIONS OF LAW

1. As evidenced by Finding of Fact No. 1, Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. WATER CODE ch. 26 and the rules of the Commission.
2. As evidenced by Finding of Fact No. 2, Respondent failed to monitor the USTs for releases at a frequency of at least once every month (not to exceed 35 days between each monitoring), in violation of TEX. WATER CODE § 26.3475(c)(1) and 30 TEX. ADMIN. CODE § 334.50(b)(1)(A).
3. As evidenced by Findings of Fact Nos. 4 through 7, the Executive Director timely served Respondent with proper notice of the EDPRP, as required by TEX. WATER CODE § 7.055 and 30 TEX. ADMIN. CODE § 70.104(c)(2).
4. As evidenced by Finding of Fact No. 8, Respondent failed to file a timely answer as required by TEX. WATER CODE § 7.056 and 30 TEX. ADMIN. CODE § 70.105. Pursuant to TEX. WATER CODE § 7.057 and 30 TEX. ADMIN. CODE § 70.106, the Commission may enter a Default Order against Respondent and assess the penalty recommended by the Executive Director.
5. Pursuant to TEX. WATER CODE § 7.051, the Commission has the authority to assess an administrative penalty against Respondent for violations of state statutes within the Commission's jurisdiction, for violations of rules adopted under such statutes, or for violations of orders or permits issued under such statutes.
6. An administrative penalty in the amount of three thousand seven hundred fifty dollars (\$3,750.00) is justified by the facts recited in this Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053.

7. As evidenced by Findings of Fact Nos. 2, 3, 9, and 10, Respondent failed to correct documented violations of Commission release detection requirements within 30 days after Respondent received notice of the violations and notice of the Executive Director's intent to shut down the USTs at the Facility.
8. TEX. WATER CODE §§ 26.3475(e) and 26.352(i) authorize the Commission to order a UST owner or operator to shut down a UST system if, within 30 days after receiving notice of the violations, the owner or operator fails to correct violations of Commission regulatory requirements relating to release detection for tanks and/or piping, spill and/or overfill protection for tanks, corrosion protection for tanks and/or piping, and/or acceptable financial assurance.
9. TEX. WATER CODE §§ 5.102 and 7.002 authorize the Commission to issue orders and make determinations necessary to effectuate the purposes of the statutes within its jurisdiction.
10. Pursuant to 30 TEX. ADMIN. CODE § 334.8(c)(6), the Commission has authority to revoke the Facility's UST fuel delivery certificate if the Commission finds that good cause exists.
11. Good cause for revocation of the Facility's UST fuel delivery certificate exists as justified by Findings of Fact Nos. 2 and 4 through 8, and Conclusions of Law Nos. 2 through 4.
12. As evidenced by Findings of Fact Nos. 10 and 11, current conditions at the Facility constitute an imminent peril to public health, safety, and welfare. Therefore, pursuant to the Administrative Procedure Act, TEX. GOV'T CODE § 2001.144(a)(3), this Order is final and effective on the date rendered.

"My name is Ryan Rutledge. I am of sound mind, capable of making this affidavit, and the facts stated in this affidavit are within my personal knowledge and are true and correct.

On behalf of the Executive Director of the Texas Commission on Environmental Quality, the "Executive Director's Preliminary Report and Petition Recommending that the Texas Commission on Environmental Quality Enter an Enforcement Order Assessing an Administrative Penalty Against and Requiring Certain Actions of SIRAJ MINARA, INC. d/b/a Grocery Plus" (the "EDPRP") was filed in the TCEQ Chief Clerk's office on April 12, 2013.

The EDPRP was mailed to Respondent's last known address on April 12, 2013, via certified mail, return receipt requested, postage prepaid. The United States Postal Service returned the EDPRP sent by certified mail as "unclaimed."

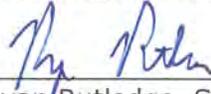

On behalf of the Executive Director of the Texas Commission on Environmental Quality, the EDPRP was re-filed in the TCEQ Chief Clerk's office on April 24, 2013.

The EDPRP was mailed to Respondent's last known address on April 24, 2013, via certified mail, return receipt requested, and via first class mail, postage prepaid. The United States Postal Service returned the EDPRP sent by certified mail as "unclaimed." The first class mail has not been returned, indicating that Respondent received notice of the EDPRP, in accordance with 30 TEX. ADMIN. CODE § 70.104(c)(2).

More than 20 days have elapsed since Respondent received notice of the EDPRP. Respondent failed to file an answer and failed to request a hearing.

By letter dated June 3, 2013, sent via first class mail and certified mail, return receipt requested article no. 7004135075425571, I provided Respondent with notice of the TCEQ's intent to order the USTs at the Facility be shut down and removed from service if the violation pertaining to release detection was not corrected within 30 days of Respondent's receipt of the letter. According to the return receipt "green card," Respondent received the notice on July 5, 2013.

As of the date of this affidavit, I am not aware of any evidence that indicates that Respondent has corrected the release detection violation noted during the January 24, 2012, investigation."
