**SUPPLEMENTAL ENVIRONMENTAL PROJECT**

<b>Respondent:</b>	<b>Allied Waste Services of Fort Worth, LLC</b>
<b>Penalty Amount:</b>	<b>Thirty-Two Thousand Three Hundred Thirty-Six Dollars (\$32,336)</b>
<b>SEP Offset Amount:</b>	<b>Six Thousand Four Hundred Sixty-Eight Dollars (\$6,468)</b>
<b>Type of SEP:</b>	<b>Contribution to a Third-Party Pre-Approved SEP</b>
<b>Third-Party Administrator:</b>	<b>Texas Water Development Board</b>
<b>Project Name:</b>	<b><i>Water-Level Recorder Data in Every Texas County</i></b>
<b>Location of SEP:</b>	<b>Statewide, with Preference for Tarrant County</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment A.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Water Development Board** for the *Water-Level Recorder Data in Every Texas County* project. The contribution will be used in accordance with the SEP between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to purchase, install, and maintain automatic water-level recorders in unused wells in the remaining one hundred sixty-six (166) counties. The Third-Party Administrator shall give preference to installing water-level recorders initially in counties in which there are 1) no existing automatic water-level recorder wells, 2) no groundwater conservation district, or 3) groundwater conservation districts that do not have the staff and/or the financial ability to install an automatic water-level recorder. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of implementing the Project, including, but not limited to supplies, materials, and equipment. Any portion of this contribution that is not spent on the specifically identified SEP may, at the discretion of the Executive Director (“ED”), be applied to another pre-approved SEP.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment A

The Respondent's signature affixed to this Agreed Order certifies that the Respondent has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

The groundwater stored within Texas' minor and major aquifers is an important natural resource that is relied upon to meet the water supply demands of Texans across the state. Many factors affect the availability of this resource including drought and increased demand. This Project will provide statewide comprehensive real-time groundwater level data to Texas counties, cities, groundwater conservation districts, water supply companies, and individual well owners. The availability of this comprehensive data will promote awareness of the effects of drought on Texas' aquifers and assist in groundwater management planning and use throughout the state.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

**2. Performance Schedule**

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Water Development Board SEP** and shall mail the contribution with a copy of the Agreed Order to:

Texas Water Development Board  
Attention: Janie Hopkins, Manager  
Groundwater Monitoring Section  
P.O. Box 13231  
Austin, Texas 78711-3231

**3. Records and Reporting**

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the SEP, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP, shall make the check payable to "Texas Commission on Environmental Quality," and shall mail it to:

Agreed Order - Attachment A

**7. Other SEPs by TCEQ or Other Agencies**

**SUPPLEMENTAL ENVIRONMENTAL PROJECT**

<b>Respondent:</b>	<b>Allied Waste Services of Fort Worth, LLC</b>

<b>Third-Party Administrator:</b>	<b>Texas Association of Resource Conservation and Development Areas, Inc.</b>
<b>Project Name:</b>	<b><i>Wastewater Treatment Assistance</i></b>
<b>Location of SEP:</b>	<b>Tarrant County: Trinity River Basin, Trinity Aquifer</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment B.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Wastewater Treatment Assistance* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to coordinate with city and county government officials and private entities to repair or replace failing or inadequately designed on-site wastewater treatment systems such as septic systems for low-income households (the “Project”). Low-income households fall at or below the 80 percent median income level for households in the county where they live.

The Third-Party Administrator shall ensure that all repairs, replacements, and installations are performed in compliance with local, state, and federal rules relating to on-site wastewater treatment systems. The Third-Party Administrator shall ensure that only properly licensed contractors are utilized for repair of existing on-site wastewater treatment systems and installation of new on-site wastewater treatment systems.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment B

An on-site wastewater treatment system is a system of treatment devices or disposal facilities that (1) is used for the disposal of domestic sewage, excluding liquid waste resulting from the processes used in industrial and commercial establishments; (2) is located on the site where the sewage is produced; and (3) produces not more than 5,000 gallons of waste a day. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide a benefit to the environment by preventing the release of sewage into the environment and by protecting human health. Raw sewage can carry bacteria, viruses, protozoa (parasitic organisms), helminthes (intestinal worms), and bioaerosols (inhalable molds and fungi). The diseases they may cause range in severity from mild gastroenteritis to life-threatening ailments such as cholera, dysentery, infectious hepatitis, and severe gastroenteritis. People can be exposed through sewage in drinking water sources, direct contact from water in lawns or streets, and inhalation and skin absorption.

Sewage overflows may cause damage to the environment. Sewage overflows may reach rivers, lakes, streams, or aquifer systems. In addition to potential spread of disease, sewage in the environment contributes excess nutrients, metals, and toxic pollutants that contaminate water quality, cause algae blooms, and kill fish and other organisms in aquatic habitats.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

**2. Performance Schedule**

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Association of RC&D SEP** and shall mail the contribution with a copy of the Agreed Order to:

Texas Association of RC&D Areas, Inc.  
Attn.: Jerry Pearce, Executive Director  
P.O. Box 2533  
Victoria, Texas 77902

**3. Records and Reporting**

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

Texas Commission on Environmental Quality  
Enforcement Division  
Attention: SEP Coordinator, MC 219  
P.O. Box 13087  
Austin, Texas 78711-3087

**4. Failure to Fully Perform**

If the Respondent does not perform its obligations under this Attachment B, including full expenditure of the SEP Offset Amount, as described in Sections 2 and 3 above, the ED may require immediate payment of all or part of the SEP Offset Amount.

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the Project, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP; shall make the check payable to "Texas Commission on Environmental Quality"; and shall mail it to:

<b>Location of SEP:</b>	<b>Tarrant County: Trinity River Basin, Trinity Aquifer</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment C.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Tire Collection Events and Cleanup of Abandoned Tire Sites* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to coordinate with local city and county government officials and private entities (“Partner Entities”) to conduct tire collection events where residents will be able to drop off tires for proper disposal or recycling (“Collection Events”), or to clean sites where tires have been disposed of illegally (“Site Cleanups”).

Texas RC&D shall ensure that collected tires, debris, and waste are properly transported to and disposed at an authorized disposal site, and if a licensed hauler is needed for tires or other regulated waste collected from sites, Texas RC&D shall ensure that only properly licensed haulers are used for transport and disposal of tires and regulated wastes. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment C

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director (“ED”), be applied to another pre-approved SEP.

The Respondent’s signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide an environmental benefit by providing communities with a free and convenient means for safe and proper disposal of tires and by reducing the dangers and health threats associated with illegally dumped tires.

The health risks associated with illegal dumping are significant. Areas used for illegal tire dumping may be easily accessible to people, especially children, who are vulnerable to the physical hazards posed by abandoned tires. Rodents, insects, and other vermin attracted to dump sites may also pose health risks. Tire dump sites which contain scrap tires pose an ideal breeding ground for mosquitoes, which can breed 100 times faster in the warm, stagnant water standing in scrap tire casings. Severe illnesses, including West Nile Virus, have been attributed to disease-carrying mosquitoes. The potential for tire fires is also reduced by removing illegally dumped tires. Tire fires can result in the contamination of air, surface water, ground water, and soil. In addition, neighborhoods have been evacuated and property damage has been significant due to tire dump sites that caught fire. Illegal tire dumping can also impact drainage of runoff, making areas more susceptible to flooding when wastes block waterways. Open burning at tire dump sites can cause forest fires and erosion as fires burn away trees and undergrowth. Tire dumping has a negative impact on trees and wildlife, and runoff from tire dumpsites may contain chemicals that can contaminate wells and surface water used for drinking.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

**SUPPLEMENTAL ENVIRONMENTAL PROJECT**

<b>Respondent:</b>	<b>Allied Waste Services of Fort Worth, LLC</b>
<b>Penalty Amount:</b>	<b>Thirty-Two Thousand Three Hundred Thirty-Six Dollars (\$32,336)</b>
<b>SEP Offset Amount:</b>	<b>Six Thousand Four Hundred Sixty-Eight Dollars (\$6,468)</b>
<b>Type of SEP:</b>	<b>Contribution to a Third-Party Pre-Approved SEP</b>
<b>Third-Party Administrator:</b>	<b>Texas Water Development Board</b>
<b>Project Name:</b>	<b><i>Water-Level Recorder Data in Every Texas County</i></b>
<b>Location of SEP:</b>	<b>Statewide, with Preference for Tarrant County</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment A.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Water Development Board** for the *Water-Level Recorder Data in Every Texas County* project. The contribution will be used in accordance with the SEP between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to purchase, install, and maintain automatic water-level recorders in unused wells in the remaining one hundred sixty-six (166) counties. The Third-Party Administrator shall give preference to installing water-level recorders initially in counties in which there are 1) no existing automatic water-level recorder wells, 2) no groundwater conservation district, or 3) groundwater conservation districts that do not have the staff and/or the financial ability to install an automatic water-level recorder. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of implementing the Project, including, but not limited to supplies, materials, and equipment. Any portion of this contribution that is not spent on the specifically identified SEP may, at the discretion of the Executive Director (“ED”), be applied to another pre-approved SEP.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment A

The Respondent's signature affixed to this Agreed Order certifies that the Respondent has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

The groundwater stored within Texas' minor and major aquifers is an important natural resource that is relied upon to meet the water supply demands of Texans across the state. Many factors affect the availability of this resource including drought and increased demand. This Project will provide statewide comprehensive real-time groundwater level data to Texas counties, cities, groundwater conservation districts, water supply companies, and individual well owners. The availability of this comprehensive data will promote awareness of the effects of drought on Texas' aquifers and assist in groundwater management planning and use throughout the state.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

**2. Performance Schedule**

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Water Development Board SEP** and shall mail the contribution with a copy of the Agreed Order to:

Texas Water Development Board  
Attention: Janie Hopkins, Manager  
Groundwater Monitoring Section  
P.O. Box 13231  
Austin, Texas 78711-3231

**3. Records and Reporting**

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

If the Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 and 3 above, the ED may require immediate payment of all or part of the SEP Offset Amount.

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the SEP, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP, shall make the check payable to "Texas Commission on Environmental Quality," and shall mail it to:

#### 5. Publicity

Any public statements concerning this SEP and/or project, made by or on behalf of the Respondent must include a clear statement that **the project was performed as part of the settlement of an enforcement action brought by the TCEQ**. Such statements include advertising, public relations, and press releases.

#### 6. Recognition

The Respondent may not seek recognition for this contribution in any other state or federal regulatory program.

Agreed Order - Attachment A

**7. Other SEPs by TCEQ or Other Agencies**

**Attachment B**

**Docket Number: 2015-1334-PST-E**

**SUPPLEMENTAL ENVIRONMENTAL PROJECT**

<b>Respondent:</b>	<b>Allied Waste Services of Fort Worth, LLC</b>
<b>Penalty Amount:</b>	<b>Thirty-Two Thousand Three Hundred Thirty-Six Dollars (\$32,336)</b>
<b>SEP Offset Amount:</b>	<b>Four Thousand Eight Hundred Fifty Dollars (\$4,850)</b>
<b>Type of SEP:</b>	<b>Contribution to a Third-Party Pre-Approved SEP</b>
<b>Third-Party Administrator:</b>	<b>Texas Association of Resource Conservation and Development Areas, Inc.</b>
<b>Project Name:</b>	<b><i>Wastewater Treatment Assistance</i></b>
<b>Location of SEP:</b>	<b>Tarrant County: Trinity River Basin, Trinity Aquifer</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment B.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Wastewater Treatment Assistance* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to coordinate with city and county government officials and private entities to repair or replace failing or inadequately designed on-site wastewater treatment systems such as septic systems for low-income households (the “Project”). Low-income households fall at or below the 80 percent median income level for households in the county where they live.

The Third-Party Administrator shall ensure that all repairs, replacements, and installations are performed in compliance with local, state, and federal rules relating to on-site wastewater treatment systems. The Third-Party Administrator shall ensure that only properly licensed contractors are utilized for repair of existing on-site wastewater treatment systems and installation of new on-site wastewater treatment systems.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment B

An on-site wastewater treatment system is a system of treatment devices or disposal facilities that (1) is used for the disposal of domestic sewage, excluding liquid waste resulting from the processes used in industrial and commercial establishments; (2) is located on the site where the sewage is produced; and (3) produces not more than 5,000 gallons of waste a day. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide a benefit to the environment by preventing the release of sewage into the environment and by protecting human health. Raw sewage can carry bacteria, viruses, protozoa (parasitic organisms), helminthes (intestinal worms), and bioaerosols (inhalable molds and fungi). The diseases they may cause range in severity from mild gastroenteritis to life-threatening ailments such as cholera, dysentery, infectious hepatitis, and severe gastroenteritis. People can be exposed through sewage in drinking water sources, direct contact from water in lawns or streets, and inhalation and skin absorption.

Sewage overflows may cause damage to the environment. Sewage overflows may reach rivers, lakes, streams, or aquifer systems. In addition to potential spread of disease, sewage in the environment contributes excess nutrients, metals, and toxic pollutants that contaminate water quality, cause algae blooms, and kill fish and other organisms in aquatic habitats.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

**Docket Number: 2015-1334-PST-E**  
**SUPPLEMENTAL ENVIRONMENTAL PROJECT**

<b>Respondent:</b>	<b>Allied Waste Services of Fort Worth, LLC</b>
<b>Penalty Amount:</b>	<b>Thirty-Two Thousand Three Hundred Thirty-Six Dollars (\$32,336)</b>
<b>SEP Offset Amount:</b>	<b>Four Thousand Eight Hundred Fifty Dollars (\$4,850)</b>

<b>Project Name:</b>	<b><i>Tire Collection Events and Cleanup of Abandoned Tire Sites</i></b>
<b>Location of SEP:</b>	<b>Tarrant County: Trinity River Basin, Trinity Aquifer</b>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project (“SEP”). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment C.

**1. Project Description**

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Association of Resource Conservation and Development Areas, Inc. (“RC&D”)** for the *Tire Collection Events and Cleanup of Abandoned Tire Sites* project. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEQ (the “Project”). Specifically, the SEP Offset Amount will be used to coordinate with local city and county government officials and private entities (“Partner Entities”) to conduct tire collection events where residents will be able to drop off tires for proper disposal or recycling (“Collection Events”), or to clean sites where tires have been disposed of illegally (“Site Cleanups”).

Texas RC&D shall ensure that collected tires, debris, and waste are properly transported to and disposed at an authorized disposal site, and if a licensed hauler is needed for tires or other regulated waste collected from sites, Texas RC&D shall ensure that only properly licensed haulers are used for transport and disposal of tires and regulated wastes. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

Allied Waste Services of Fort Worth, LLC  
Agreed Order - Attachment C

All dollars contributed will be used solely for the direct cost of the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not able to be spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely in an effort to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide an environmental benefit by providing communities with a free and convenient means for safe and proper disposal of tires and by reducing the dangers and health threats associated with illegally dumped tires.

The health risks associated with illegal dumping are significant. Areas used for illegal tire dumping may be easily accessible to people, especially children, who are vulnerable to the physical hazards posed by abandoned tires. Rodents, insects, and other vermin attracted to dump sites may also pose health risks. Tire dump sites which contain scrap tires pose an ideal breeding ground for mosquitoes, which can breed 100 times faster in the warm, stagnant water standing in scrap tire casings. Severe illnesses, including West Nile Virus, have been attributed to disease-carrying mosquitoes. The potential for tire fires is also reduced by removing illegally dumped tires. Tire fires can result in the contamination of air, surface water, ground water, and soil. In addition, neighborhoods have been evacuated and property damage has been significant due to tire dump sites that caught fire. Illegal tire dumping can also impact drainage of runoff, making areas more susceptible to flooding when wastes block waterways. Open burning at tire dump sites can cause forest fires and erosion as fires burn away trees and undergrowth. Tire dumping has a negative impact on trees and wildlife, and runoff from tire dumpsites may contain chemicals that can contaminate wells and surface water used for drinking.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.
