Re: Application No. 5913 of the City of College Station

Dear Chief Clerk:

I represent the Texas Chapter of the Coastal Conservation Association ("CCA Texas"). On behalf of CCA Texas, I request a contested case hearing on Application No. 5913 filed by the City of College Station.

CCA Texas has a justiciable interest in this application. CCA Texas is a nonprofit organization dedicated to the conservation of Texas' marine resources. Since its founding in 1977, CCA Texas has had a strong interest in ensuring the quality and quantity of freshwater inflows for the health of Texas' bays and estuaries. CCA Texas has approximately 50,000 members. Some of these members fish in and around the mouth of the Brazos River and have an interest in maintaining natural marine breeding habitats in the area of the mouth of the Brazos River. CCA Texas is concerned that, if granted, the City of College Station's application will decrease freshwater flows at the mouth of the Brazos River, to the detriment of natural marine breeding habitats.

I will be responsible for receiving all official communications and documents for CCA Texas in this matter. Please do not hesitate to call me if you have any questions.

Sincerely,

*Robin A. Melvin*
