Re: Application No. 5912 by the City of Bryan

Dear Ms. Castañuela:

On behalf of the Brazos River Authority (BRA), I protest the above-referenced application and request that a contested case hearing be held on the application.

BRA holds the following water rights: Certificate No. 12-5155 (Possum Kingdom Lake); Certificate No. 12-5156 (Lake Granbury); Certificate No. 12-5157 (Lake Whitney); Certificate No. 12-5158 (Lake Aquilla); Certificate No. 12-5159 (Lake Proctor); Certificate No. 12-5160 (Lake Belton); Certificate No. 12-5161 (Lake Stillhouse Hollow); Certificate No. 12-5162 (Lake Georgetown); Certificate No. 12-5163 (Lake Granger); Certificate No. 12-5164 (Lake Somerville); Certificate No. 12-5165 (Lake Limestone); and Permit No. 2925A (proposed Allens Creek Reservoir). One or more of these rights may be impaired if the application is granted.

It is possible that special conditions may be included in the permit that will prevent any such impairment and, if such conditions are included, BRA will withdraw its protest. Until BRA has had the opportunity to review and determine the adequacy of any such conditions, however, it is necessary to protest.

Thank you for your attention to this matter. I request that the Brazos River Authority be placed on all notice lists so that it may receive notice of all further actions with regard to this application.

Sincerely,

Douglas G. Caroom

Re: **Protest and Request for Public Hearing**; Regarding **City of Bryan**; Bed and Banks Application No. 5912 in Brazos River Basin (the "Application")

Dear Ms. Castanuela:

This letter is written in response to a "Notice of Water Rights Application" (the "Notice") by the City of Bryan (the "City"). A copy of the Notice is attached as Exhibit "A" hereto.

This firm represents Wellborn Special Utility District ("Wellborn"), a conservation and reclamation district, located in Brazos County, Texas. Wellborn is adversely affected by the Application of the City.

In response to the items set forth in the Notice, Wellborn states the following:

1. Wellborn is represented by Mr. Leonard H. Dougal of Jackson Walker L.L.P., 100 Congress Avenue, Suite 1100, Austin, Texas 78701; Phone (512) 236-2000; Fax (512) 391-2112.
2. The City is the applicant; Water Rights Application No. 5912.
3. Wellborn requests a public (contested case) hearing on the application. At the hearing, the City should be required to prove up the source of water claimed by the City, how the City proposes to account for the water, and each element of the City's application for a bed and banks permit.
4. Wellborn is adversely affected by the Application, as follows:
 - A. Wellborn is the provider of potable water to approximately 3100 customer connections in Brazos County, including areas in and near the City of College Station. Wellborn has a contract with the Brazos River Authority to divert and use 4000 acre-feet per year of water from the Navasota River at a location which is downstream of one or more of the discharge points of the City of Bryan. Specifically, Wellborn is the owner of a 24 acre tract of land fronting on the

Page 2

Navasota River, at which location Wellborn has designed and is planning to construct an intake structure and surface water treatment plant (the "Plant Property"). The Plant Property is located approximately 18 river miles downstream from the City of Bryan's discharge point. The Application will adversely affect Wellborn's ability to divert and use water from the Navasota River.

B. Wellborn is also concerned that the Application does not identify the conditions to be placed on the proposed Bed and Banks permit to distinguish between the water Wellborn is entitled to divert and the water the City claims a right to convey and reuse. In this regard Wellborn notes that the public notice of the Application included the following statement:

"If this application is granted, unlawful diversion and taking of such water in transit may result in administrative penalties, criminal penalties, or the applicant may elect to pursue private civil remedies as provided by law."

Proper identification and accounting in the Bed and Banks permit for the volume of water discharged by the City, the source of such water, and carriage and channel losses in the river will be necessary to protect the rights of other water users such as Wellborn. Wellborn believes that there will need to be special conditions placed on any permit and Wellborn desires the opportunity to provide input on those conditions, so as to protect Wellborn's interests.

Should you have any questions concerning this request please contact the undersigned.

Sincerely,

Leonard H. Dougal

EXHIBIT "A"
(Notice of Application)

ber 1, 2005. The facility is located on Farm-to-Market Road 896, 0.5 mile south of State Highway Business 121 in Fannin County, Texas.

THOMPSON WATER COMPANY, INC. has applied for a renewal of TPDES Permit No. 11508-001, which authorizes the discharge of treated domestic wastewater at a daily average flow not to exceed 30,000 gallons per day. The existing permit also authorizes the disposal of treated domestic wastewater via irrigation of 19.2 acres of non-public access agricultural land. The facility is located approximately 0.2 mile east-northeast of the intersection of U.S. Highway 84 and Farm-to-Market Road 1580 in Freestone County, Texas.

When searching the web site, type in the issued date range shown at the top of this document to obtain search results.

If you need more information about these permit applications or the permitting process, please call the TCEQ Office of Public Assistance, toll free, at 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us. Si desea información en Español, puede llamar al 1-800-687-4040.

TRD-200701118

LaDonna Castañuela
Chief Clerk

Texas Commission on Environmental Quality
Filed: March 21, 2007

Notice of Water Rights Application

Notices issued March 14, 2007 and March 20, 2007

APPLICATION NO. 12131; Jefferson County Drainage District No. 6, P.O. Box 20078, Beaumont, Texas 77720-0078, has applied for a Water Use Permit to divert flood flows from the South Fork of Mayhaw Bayou, Neches-Trinity Coastal Basin, into an excavated diversion channel for diversion to Spindletop Bayou and the Gulf Intercoastal Waterway for flood control purposes in Jefferson County. The application and fees were received on November 29, 2006. The application was declared administratively complete and accepted for filing with the Office of the Chief Clerk on January 5, 2007. Written public comments and requests for a public meeting should be submitted to the Office of Chief Clerk, at the address provided in the information section below, within 30 days of the date of newspaper publication of the notice.

APPLICATION NO. 5912; The City of Bryan, applicant, P.O. Box 1000, Bryan, Texas 77805-1000, has applied for authorization to use the bed and banks of several watercourses to transport current and future groundwater-based return flows and to divert and reuse those flows for municipal, industrial, and agricultural purposes in all or part of Brazos, Grimes, Washington, Waller, Austin, Fort Bend, and Brazoria Counties within the Brazos River Basin. The application and partial fees were received on August 5, 2005. Additional information and fees were received on April 14, 2006, July 6, 2006, and August 22, 2006. The Executive Director returned the application and fees for failure to supply requested information on September 21, 2006. On October 16, 2006 Applicant filed a Motion to Overturn. The Applicant's motion was considered and granted by the Commission on December 13, 2006. The application is considered administratively complete as of December 20, 2006. This application is being filed with the Office of the Chief Clerk on February 9, 2007. Written public comments and

requests for a public meeting should be submitted to the Office of the Chief Clerk, at the address provided in the information section below by April 23, 2007.

APPLICATION NO. 5913; The City of College Station, applicant, P.O. Box 9960, College Station, Texas 77842-0960, has applied for authorization to use the bed and banks of several watercourses to transport current and future groundwater-based return flows and to divert and reuse those flows for municipal, industrial, and agricultural purposes in all or part of Brazos, Grimes, Washington, Waller, Austin, Fort Bend, and Brazoria Counties within the Brazos River Basin. The application and partial fees were received on August 5, 2005. Additional information and fees were received on April 14, 2006; July 7, 2006; and August 22, 2006. The Executive Director returned the application and fees for failure to supply requested information on September 21, 2006. On October 16, 2006 Applicant filed a Motion to Overturn. The Applicant's motion was considered and granted by the Commission on December 13, 2006. The application is considered administratively complete as of December 20, 2006. This application is being filed with the Office of the Chief Clerk on February 9, 2007. Written public comments and requests for a public meeting should be submitted to the Office of the Chief Clerk, at the address provided in the information section below by April 23, 2007. The Texas Commission on Environmental Quality (TCEQ) may grant a contested case hearing on this application if a written hearing request is filed by April 23, 2007.

INFORMATION SECTION

To view the complete issued notices, view the notices on our web site at www.tceq.state.tx.us/comm_exec/cc/pub_notice.html or call the Office of the Chief Clerk at (512) 239-3300 to obtain a copy of the complete notice. When searching the web site, type in the issued date range shown at the top of this document to obtain search results.

A public meeting is intended for the taking of public comment, and is not a contested case hearing.

The Executive Director can consider approval of an application unless a written request for a contested case hearing is filed. To request a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" and (4) a brief and specific description of how you would be affected by the application in a way not common to the general public. You may also submit any proposed conditions to the requested application which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing to the TCEQ Office of the Chief Clerk at the address provided below.

If a hearing request is filed, the Executive Director will not issue the requested permit and may forward the application and hearing request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Written hearing requests, public comments or requests for a public meeting should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087. For information concerning the hearing process, please contact the Public Interest Counsel, MC 103, at the same address. For additional information, individual members of the general public may contact the Office of Public Assistance at 1-800-687-4040. General information regarding the TCEQ can be found at our web site at www.tceq.state.tx.us. Si desea información en Español, puede llamar al 1-800-687-4040.
