Gentlemen:

I As a near neighbor of Southwest Festivals, Inc. (Scarborough Faire) I am very concerned about the proposal to treat so many gallons of waste water and would like to be afforded further information on the project.

The Notice of Receipt of Application and Intent to Obtain a Water Quality Permit is more than just a little uninformative. I am therefore, requesting a public meeting in order to ask questions and make comments on the above proposal.

Sincerely,

I object to the permit that Southwest Festivals has applied for.

Purposed Permit # WQ0014665001
Where we are at is a flood plain and they are wanting to dump no more than 53,000 gallons of waste water into South Prong Creek, and most of their business is during our rainy season -

The other objection is this creek feeds into lake Waxahachie and then into Bardwell lake, which is the water supply for Waxahachie and surrounding cities.

This is just unacceptable. Health issues stamped all over this permit.

We are already using too many chemicals to purify our water & this would just add more.

I could also mention property values in this area.

We don't need this in our neighborhood and in our natural water ways.

Law enforcement are putting people behind bars every day for using "drugs" and yet you people want to give some business a permit to dump chemicals in our water supply.

We've lived where we were at 19 yrs.
I can open my back door and
feed the sandhill cranes that
have been making their home here
each spring. They have their nest
just 6 or 7 hundred yards up stream
from my place. We've enjoyed watch-
ing these birds teach their young
to fly.

We love nature in it raw form
and this is another reason we
choose to live where we do.

Please consider all these things
when you review this proposed
permit.

We pray you'll deny Southwest
Festivals their permit.

Even ~~the~~ swimming wouldn't be safe
and most of the people that sell
their wares at Scarborough Faire swim in
this creek below us.

Thank you

To Whom It May Concern,

My name is Gary Tubb. I am a near neighbor of Southwest Festivals, Inc. (Scarborough Faire). I am extremely concerned about the proposal to treat 58,000 gallons of waste water per day. I would like to be given more informative information concerning this project. I do not want my neighborhood to smell like a waste treatment plant.

The Notice of Application and Intent to Obtain a Water Quality Permit is more than just a little uninformative. I am therefore requesting a public meeting in order to ask questions and make comments on the proposal.

COMMISSION ON ENVIRONMENTAL QUALITY

Vertical stamp: 09-07-06 165001

In response to your request to the TCEQ for further information concerning the waste water treatment application we have submitted, I would like to invite you to a public meeting to answer your concerns, and to further explain the project.

We have set up a meeting on Tuesday, September 19, 2006 to be held in our conference room located at 2511 FM 66, Waxahachie, TX, 75165. The meeting will start at 7:30 pm, and representatives from the engineering firm will be available to answer any questions or concerns you may have. A copy of the engineering plans that are on file will also be available.

Please allow us this opportunity to address your concerns, and to correct any misinformation concerning this project you may have received. We feel that having the engineers available to you will expedite explaining the future treatment facility.

We look forward to meeting with you.

Sincerely,

Coy B. Sevier
