CHIEF CLERKS OFFICE

My name is Tim Davis and this letter is in response to a letter that I received this past week. Evidently the motel across the highway that is now part of the city of Burleson Texas needs a place to dump it's waste water, since the city does not provide sewer or drainage services to them. My primary concern regarding this matter is how they are going to get these some 10,000 gallons of water per day to Quil Miller Creek. The series of ditches that you spoke of in your letter I presume are the ditches that I have dug to help my place drain adequately. If this is the case, I am protesting this proposal as it would create undesirable amounts of standing water on my property at all times. My place does not drain well as it is and any additional amounts of water would just compound my existing problem dramatically. Not only this but the last thing I want is to have to have some ones waste water treated or not flowing across or even in a creek near my home. Please provide me with detailed maps of the proposed route of drainage that this wastewater is supposed to take on its path to Lake Arlington. Please arrange a public meeting as soon as possible to discuss this matter in its entirety with those residents of this local area. Quil Miller Creek is a long and winding creek that contacts many local ranches and communities. I find it hard to believe that the people of this area would approve such a proposal of this kind. The motel should be responsible for their own waste water whether it be septic system installation or the city of Burleson piping them adequate sewage to handle their approximately 10,000 gallons a day. This problem should not be mine to have to deal with, but theirs. Additional water of any kind would create huge amounts of mud, mosquitoes, flies and other undesirable issues that would impact my quality of life that I so enjoy. I also graze cattle along that route and do not want my cows drinking treated waste water or eating grass that is growing in waste water land. My name is Tim Davis and my address is 175 W. Bethesda Rd., Burleson, Texas 76028. Please forward any maps or correspondence to this address or feel free to call me at 817-538-2843.

Thank You,

Tim Davis

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN A WATER QUALITY PERMIT AMENDMENT

PERMIT NO. WQ0002730000

APPLICATION. JOCO Holding Corporation, P.O. Box 10, Burleson, Texas 76097, which operates a motel and restaurant complex, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend wastewater disposal Permit No. WQ0002730000 to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 10,000 gallons per day under a Texas Pollutant Discharge Elimination System (TPDES) Permit (EPA I.D. No. TX0127671). The facility is located on the east side of Interstate Highway 35 West, approximately 2,000 feet southeast of the Bethesda Road overpass and approximately 5.1 miles southeast of the City of Burleson, Johnson County, Texas. The discharge route is from the plant site to a series of ditches; thence to Quil Miller Creek; thence to Lake Arlington. This application was submitted to the TCEQ on October 20, 2004. The permit application is available for viewing and copying at the U.S. Post Office, 232 Southwest Johnson Avenue, Burleson, Texas.

The TCEQ executive director has determined the application is administratively complete and will conduct a technical review of the application. After completion of the technical review, the TCEQ will issue a Notice of Application and Preliminary Decision.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments or requests for public meeting must be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087.

ADDITIONAL NOTICE. After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list or the mailing list for this application. That notice will contain the final deadline for submitting public comments.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. **The response to comments, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the executive director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised during the public comment period and not withdrawn.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: (1) the mailing list for this specific application; (2) the permanent mailing list for a specific applicant name and permit number; and/or (3) the permanent mailing list for a specific county. Clearly specify which mailing list(s) to which you wish to be added and send your request to the TCEQ Office of the Chief Clerk at the address above. Unless you otherwise specify, you will be included only on the mailing list for this specific application.

INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ Office of Public Assistance, Toll Free, at 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

Further information may also be obtained from JOCO Holding Corporation at the address stated above or by calling Martha C. Martin at 817-295-7573.

To Whom It May Concern:

My name is Faye Woods and I live at 305 West Bethesda Rd. in Burleson TX. I received a new letter from the Texas Commission on Environmental Quality with a Permit number of WQ0002730000. Evidently the hotel across the highway is still trying to dump their sewage into Quill Miller Creek. Well I feel like this is totally unacceptable because first of all there is no "real series of ditches" that leads to Quill Miller Creek from I 35. My land is in a flood zone and all of the water that comes from that direction just stops on my property and sits. I personally think that is disgusting and would like to know how you would feel about treated sewage sitting on your property? I also am concerned because I lease my land to Tim Davis for agricultural purposes and he grazes cattle on it. What long term effects could this cause? Another problem that I see with this other than environmental damages is the problem with mosquitoes and other pests that this would attract. Quill Miller Creek stays dry most of the time and the thought of it flowing with sewage is sickening. Lake Arlington is a long way from Burleson TX. I would really like to see how exactly you intend getting this treated sewer water that far? Or do you really know if what you are proposing will even work? I think that the City of Burleson should be responsible for providing that hotel with sewer service, since they did annex them into the city limits. But under no certain circumstances am I interested in letting this waste water sit or even come across my land. So please consider this as My Request For Reconsideration on the Permit No WQ0002730000. That hotel should put in a septic tank at their own expense instead of using my land to deal with their sewage problem!

Thank you,
Faye Woods

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
Protecting Texas by Reducing and Preventing Pollution

NOTICE OF PUBLIC MEETING ON AN APPLICATION FOR WATER QUALITY TPDES PERMIT AMENDMENT

PROPOSED PERMIT NO. WQ0002730000

WQD
4/16/2006

APPLICATION. JOCO Holding Corporation, P.O. Box 10, Burleson, Texas 76097, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment wastewater disposal Permit No. WQ0002730000 to authorize the discharge of treated domestic and food wastewater at a volume not to exceed a daily average flow of 10,000 gallons per day via Outfall 001, under a Texas Pollutant Discharge Elimination System (TPDES) Permit (EPA I.D. No. TX0127671). The facility is located on the east side of Interstate Highway 35 West, approximately 2,000 feet southeast of the Bethesda Road overpass and approximately 5.1 miles southeast of the City of Burleson, Johnson County, Texas. The discharge route is from the plant site to a series of ditches; thence to Quill Miller Creek; thence to Lake Arlington.

The TCEQ Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After completion of the technical review, the TCEQ will issue a Notice of Application and Preliminary Decision.

PUBLIC COMMENT/PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application and the Executive Director's preliminary decision, but these informal comments made during the informal period will not be considered by the Commissioners before reaching a decision on the permit and no formal response will be made. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared by the Executive Director and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this application and provides an address. Only relevant and material issues raised during the formal comment period can be considered if a contested case hearing is granted.

The Public Meeting is to be held:
Thursday, June 22, 2006 at 7:00 p.m.
Chamber of Commerce Building
1044 SW Wilshire Blvd.
Burleson, Texas 76028

We have sent letters before evidently to no avail

INFORMATION. Citizens are encouraged to submit written comments anytime during the meeting or by mail before the meeting to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087. If you need more information, please call the TCEQ Office of Public Assistance, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

The permit application is available for viewing and copying at the U.S. Post Office, 232 Southwest Johnson Avenue, Burleson, Texas. Further information may also be obtained from JOCO Holding Corporation, P.O. Box 10, Burleson, Texas 76097, or by calling Martha C. Martin at (817) 295-7573.

Issued: MAY 4, 2006

also since Burleson annexed us 3 years ago and did nothing for us except collect our tax money. It should be their responsibility to put sewer lines to take care of their premature tapping deal.

Sincerely
Nina Brown

City of Burleson should take care of their business or not annex us

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR WATER QUALITY TPDES PERMIT AMENDMENT
FOR INDUSTRIAL WASTEWATER

PERMIT NO. WQ0002730000

APPLICATION AND PRELIMINARY DECISION. JOCO Holding Corporation, P. O. Box 10, Burleson, Texas 76097-0010, which operates a motel and restaurant complex, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0002730000 to authorize the discharge of treated domestic and food wastewaters at a volume not to exceed a daily average flow of 10,000 gallon per day via Outfall 001. The current permit authorizes the disposal of domestic wastewater by evaporation and irrigation of 152 acres of costal bermuda grass at an application rate not to exceed 3.85 acre-feet per year per acre irrigated. This application was submitted to the TCEQ on October 20, 2004.

The facility is located on the east side of Interstate Highway 35 West, approximately 2000 feet southeast of the Bethesda Road overpass and approximately 5.1 miles southeast, Johnson County, Texas. The effluent will be discharged to a series of ditches; thence to Quil Miller Creek; thence to Village Creek; thence to Lake Arlington, in Segment No. 0828 of the Trinity River Basin. The unclassified receiving waters have no significant aquatic life use for the series of ditches and Quil Miller Creek. The designated uses for Segment No. 0828 are high aquatic life use, contact recreation, and public water supply. No significant degradation of high quality receiving waters is anticipated.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision (as contained in the technical summary and/or fact sheet), and draft permit are available for viewing and copying at U.S Post Office, 232 Southwest Johnson Avenue, Burleson, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the application. Generally, the TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments and requests for a public meeting should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 within 30 days of the date of newspaper publication of this notice.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The response to comments, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on a mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised during the public comment period and not withdrawn. Issues that are not raised in public comments may not be considered during a hearing.

EXECUTIVE DIRECTOR ACTION. The executive director may issue final approval of the application unless a timely contested case hearing request or a timely request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and requests to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LISTS. In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: (1) the mailing list for this specific application; (2) the permanent mailing list for a specific applicant name and permit number; and/or (3) the permanent mailing list for a specific county. Clearly specify which mailing list(s) to which you wish to be added and send your request to the TCEQ Office of the Chief Clerk at the address above. Unless you otherwise specify, you will be included only on the mailing list for this specific application.

INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ Office of Public Assistance, Toll Free, at 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

Further information may also be obtained from JOCO Holding Corporation at the address stated above or by calling Ms. Martha C. Martin at (817) 295-7373.
