Proposed Air Quality Registration # 80840

Dear Mr. Shankle;

The Mesquite District office has been notified by Kaufman Chamber and The City of Kaufman. They have concerns about the Concrete Mixing Plant that wants to build just outside of The City of Kaufman, this location backs up to a dance studio and is easily within 440 Yards of several homes. The Permit Application number is 80840. With this letter I am requesting a public meeting to be held so that TCEQ, the applicant, and the residents may talk about the plant and share their ideas and concerns about the Concrete Plant.

Thank you in advanced for setting up this public meeting for the residents of Kaufman County. If there is anything that my staff can do to help with in getting this meeting set up, please do not hesitant to call Linda Kagy at 972-279-1800 in the Mesquite office.

Sincerely,

*Bob Deuell*

Proposed Air Quality Registration # 80840

Dear Mr. Shankle:

Thank you for scheduling the meeting on Tuesday, June 26th in Kaufman, Texas on the Proposed Air Quality Permit #80840 for Transit Mix Concrete Batching Plant. This plant will be just outside of the Kaufman City Limits.

I would like to ask that you to hold another public meeting on this Permit # 80840 because the weather on the night of June 26th was very bad in Dallas, Kaufman and Ellis Counties. The attendance to the public meeting was very low because of the weather.

Thank you in advanced for setting up the second public meeting for the residents of Kaufman County. If there is anything that my staff can do to help, please do not hesitate to call Linda Kagy at 972-279-1800 in my Mesquite District office.

Sincerely,

Bob Deuell
