**RE: Request for Denial of Hearing Requests/Request for Reconsideration
Docket No. 2008-0870-AIR
Wheatcraft, Inc.
Request(s) filed on Permit No. 76508**

Dear Ms. Castanuela:

Wheatcraft, Inc. is requesting that the Commissioner's deny the hearing requests/requests for reconsideration regarding the Executive Director's decision to issue the above referenced air permit.

TCEQ deemed the application to be administratively complete on August 12, 2005. Since that time, Wheatcraft has made public notices on September 6, 2005 and August 8, 2006 and undergone public hearings on January 24, 2006 and November 9, 2006. After public notices, public hearings as well as TCEQ's administrative and technical reviews, the Executive Director determined that the application complies with all applicable rules and regulations for the issuance of this air permit.

Wheatcraft prepared the application in accordance with the requirements of 30 TAC 116.111. TCEQ determined that the application satisfies the requirements of 30 TAC 116.111. Wheatcraft acknowledges our responsibility to comply with all conditions stated in the permit. Therefore, for these reasons, we are requesting that the Commissioner's deny the requests for hearings/requests for reconsideration and issue the permit as recommended by the Executive Director.

We truly appreciate your attention to this matter.

Wheatcraft, Inc.
