Dear Chairman Garcia,

This letter is sent requesting a public hearing be held in Goliad County in reference to the application for the recovery of uranium, permit number UR03075. It is necessary to address the concerns raised, by many in the community, prior to the issuance of any permit for recovery. Also, while necessary to achieve a balance between the various parties involved, we must ensure that the safety of the community is the top priority of the commission.

I ask that you forward this letter to the commission as a whole and encourage you to contact me at my office if there are any questions. Thank you for your assistance in this matter and for all you do for the State of Texas.

Sincerely,

*Yvonne G. Toureilles*

The Honorable Yvonne Gonzalez Toureilles  
Texas House of Representatives

Beeville, Texas 78102

Dear Representative Toureilles:

I received your letter addressed to Chairman Garcia requesting that a public meeting be held to discuss Uranium Energy Company's Permit Application No. UR03075 for proposed in situ recovery of uranium at their Goliad County facility. Because this concerns a pending permit application that will come before the Commission for a vote, I am responding on Chairman Garcia's behalf.

I understand that Tara Drissell in our Office of Public Assistance (OPA) talked with Kristen in your Beeville office and clarified that you are requesting a public meeting and not a contested case hearing. OPA staff will contact you when the meeting has been scheduled. The meeting will be scheduled at a time and location convenient for you and your constituents.

If you have questions, please contact me at 512.239.3900 or Bridget C. Bohac, in our Office of Public Assistance, at 1.800.687.4040.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Shankle".
