Re: Docket Number 2009-0681-SLG *2009-1001-MWD*

I received a copy of the EXECUTIVE DIRECTOR'S RESPONSE TO HEARING REQUEST and I was not shown as a requestor but I sent a letter back in December of 2008 requesting a public hearing. Also the map shows the location as the Northwest of the Woodlands Parkway not the Northeast side so the permit should not be permitted because the location on the permit is not correct and that is also what is being disputed.

Here is a copy of my original letter that I sent to you.

Thank you,

RE: Permit No. WQ 00149180001

I am writing to request a public meeting about this water treatment plant that is going up approximately 1800 ft. at the northeast intersection Woodlands Pkwy. and FM 2978. I wanted to know where exactly where this plant was going to go so I called the engineering company and they e-mailed me an aerial view of where the plant is to go and it is not on the northeast side of the Woodlands Pkwy. and FM 2978 but on the northwest side and that puts the plant right next to our property line and some of the other houses here and we do not want a sewage plant in our back yards. This will make our property values go down the drain. So we our asking that this permit not be allowed.

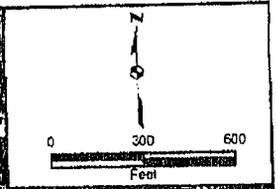

Thank you,
Mollie McLean
