**OPA RECEIVED**

MAY 28 2009

**AT PUBLIC MEETING** *BP*

Please be advised that I Llayron Adkins, am a resident of Waller County, Texas and that I live in close proximity to the East Texas Precast Co plant. The activities within the plant has caused the quality of the air to deteriorate and has affected my health and the common use and enjoyment of my property. For these and other reasons I **oppose** any effort of expansion of the plant under the current circumstances.

I, further, give notice that I have asked the Texas State Conference of the National Association for the Advancement of Colored People to assist me in this matter.

**COMMENTS:**I work for National Urban Construction, their office is located in Prairie View, Texas and is within the 440 yards of the proposed plant. Since this plant has opened I have notice when I come into this office I breath in dust all day by eye start to burn and continue to burn until I get home. I am having more sinus problems. When I leave here on Friday I will not have these problems

East Texas Precast Co., Ltd.

27 years

- extended hours and weekends
- Sweep wash public road curbs
- concrete producers
- have appropriate filtration system

**Formal Comment**

My suggestion is that East Texas Precast Co., Ltd. should not be granted a permit and should close down until the appropriate emissions controls and monitors are in place. Furthermore, the company should relocate into a more desolate area far away from the University and residential/road areas so that dust and health problems do not become chronic in the communities. In addition, a quality air report should be distributed to any community that is affected by the company. I also suggest that the company began to operate from a Christian-based strategy instead of a worldly strategy.
