AT PUBLIC MEETING

BP

Comal Residents for Rural Heritage
1551 N. Walnut, STE 13, Box 245
New Braunfels, TX 78130

Greg,

These signatures came from the candidate debate. Large majority of the folks oppose both the outer loop and the quarry in there back yard. It appears that Mr. Boone agrees with their concerns. I am sure Suzanne mentioned to you that she attended and addressed the quarry question to the candidates.

CASE – CITIZENS' ALLIANCE for SMART EXPANSION
State Representative Dist. #73 Candidate Debate
Thursday, July 17th 6:00pm
Doug Miller (R) and Daniel Boone (D)
will discuss their views on
Growth in the Texas Hill Country
Faith United Church - 970 N. Loop 337
(at Common Street – across from Rudy's BarBQ)

AT PUBLIC MEETING

As residents of Comal County, we oppose Holcim Inc.'s attempt to build a new quarry here and urge all state and federal officials to reject it. We believe all permits should be denied and ask for a public hearing for each permit. We are concerned about threats to water quality, and believe another gaping hole over the Edwards aquifer so close to Cemex poses a threat to aquifer recharge. We also believe the presence of the endangered golden-cheeked warbler should be taken into consideration. The destruction of this songbird's habitat to dig another quarry robs the Hill Country of the character that makes the area desirable.

We believe that another quarry would adversely affect our quality of life. As Texans, we do not want our private property rights violated by more blasting, dust, dangerous trucks, and traffic. There are already two quarries close to the newly proposed quarry and that is enough.
