BY EB

I Malcolm David Wyatt hereby request a Contested
Case hearing of Park County Fresh Water Supply District No. 2
and TCEQ Internal Control NO. 05/42009-D01.

I Malcolm David Wyatt would be affected in the
petition in the way that I already pay an operation and
maintenance standby fee of \$48.00 a year and have been paying
this type of fee for 30 years. If this is to be added to the fee
I already pay then I believe this fee to be too high. I also
believe that after 30 years of this fee everyone in the
subdivision has ~~paid~~ paid for the cost of running water lines
to the subdivision. Again I have been paying this type
of fee for 30 years.

I have two properties in Twin Harbors, Lots 114+159

Blk 1 Sect 2.

Thank you
Malcolm David Wyatt

RE: Contested Case Hearing, TCEQ Internal Control No. 05142009-D01

Office of the Chief Clerk
MC 105, TCEQ
P.O. Box 13087
Austin, Tx 78711-3087

To Whom It May Concern,

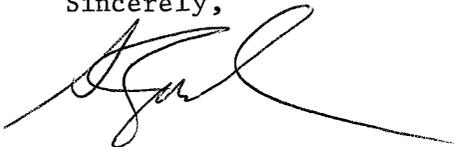

I would like to contest the potential imposed fees for annual uniform operations and maintenance concerning your Control No. 05142009-D01.

My name is: Steve Zhanel
4600 FM 1181
Ennis, Tx 75119
(972) 878 6508

The name of the Petitioner is Polk County Fresh Water Supply District#2 and the TECQ No. is 05142009-D01.

I, Steve Zhanel, request a contested case hearing, based on the facts that most of this area, including mine, is undeveloped and raw land that I purchased over 30 years ago and was told that this would be an investment for the future. I have unsuccessfully tried to sell this property on several occasions at a reduced price/loss. I continuously have paid in thousands of dollars over the years in taxes and can not afford any other fees or cost burdens in addition. My property is located in the Idlewilde Estates.

Sincerely,

Steve Zhanel
