RE: TCEQ Internal Control No. 08262009-D01

I request a Contested case hearing for the adoption and imposing of the annual uniform operation and maintenance standby fee of \$216.

If this tax is implemented it will cause the property value to depreciate and the landowner may be forced to let the property foreclose, as it has happened in the past. Roman Forest already has high taxes and because of these high taxes the value of the land has depreciated while other properties nationwide have had a tremendous increases in property value. Due to this lots are unable to be sold and additional taxes will only worsen this situation.

My property descriptions are as follows:

1. Roman forest Section 2, Block 17, Lot 27
2. Roman forest Section 2, Block 17, Lot 21

Thank you for your help and if you have any questions please feel free to contact me at phone # 281-242-3144 or 832-704-0428.

Thank you,
