COMMENTS: The Town of St. Paul is opposed to granting the TPDES Permit to Wylie Northeast Special Utility District until such time as the Town of St. Paul can execute a mutually agreeable developer agreement with the developer proposing these improvements to Wylie Northeast. We continue to negotiate these provisions in good faith with the developer (Hanover) and sincerely hope to arrive at an agreeable conclusion. The Town of St. Paul is working closely with the City of Wylie toward this end since the area includes Wylie ETJ as well as St. Paul ETJ.
