Dear Mr. Vickery:

I am writing in regard to the application of Mr. Tommy Davis (Air Quality Permit Number 82199L002) to operate a rock crushing facility on Chalk Mountain in Somervell County.

Thank you for holding a public hearing on this application in Glen Rose. The hearing was well attended, and a large number of my constituents expressed their strong opposition to the permit.

Because of the overwhelming opposition displayed at the hearing, I urge you to consider continuing the process by granting a contested case hearing on this application. I think that holding such a hearing in Glen Rose would allow the residents who would be most affected by this proposed permit to easily access the proceedings and continue to share with you their thoughts and concerns.

Somervell County is a fast growing area, and Chalk Mountain is a beautiful, scenic attraction for visitors and residents alike. I fully support all efforts to retain the pristine beauty of our community.

Sincerely,

Kip Averitt

Dear Senator Averitt:

Thank you for your letter regarding the application for Air Quality Permit No. 82199L002, submitted by Tommy Davis dba Slick Machines.

Since the agency has received hearing requests on this permit application, this matter will be presented to the Commissioners at an open meeting for consideration and decision whether to grant those requests. If the Commissioners grant the hearing request(s), this matter will be referred to the State Office of Administrative Hearings (SOAH) for a hearing on whether the application complies with all applicable statutory and regulatory requirements.

Your letter will be included with the comments received on this permit application. Additionally, I have asked the Office of the Chief Clerk to ensure that you are on the mailing list for this permit application. Accordingly, your office will receive a courtesy letter advising you of the date of the Commissioners' meeting.

I hope this information is helpful. If we can be of further assistance on this matter, please contact me at (512) 239-3900 or Erin Selvera in our Environmental Law Division at (512) 239-6033.
