COMMENTS: On March 08, 2010, I wrote a letter with a list of concerns regarding Texas Concrete Enterprise Plant proposed to be built near our home. On March 27, 2010, a Community Meeting was held with the owner and manager of this Company. Our Concerns were addressed. They promised to comply with all safety and extensive quality control measures to ensure a safe and healthy environment for the community. We realize that we only have their word on this; and frequently they dont always follow through. However they appeared genuine and acted in good faith. I hereby withdraw my request for a Public Meeting regarding this facility. I hereby withdraw my request for a Contested Case Hearing regarding this facility. Thank you for your cooperation Charles Taylor
