re: Proposed Permit NO. WQ0014970001

Dear Ms. Castanuela:

This letter is to serve as a formal request for the TCEQ to hold a public meeting regarding the proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ001490001.

Concerns have been raised by my constituents about the safety, health and environmental effects the treatment facility may have on their property and the surrounding areas. My District Director recently inspected the proposed area and saw potential for drainage issues that would affect many homes and possibly be hazardous to cattle who drink from the affected creek.

In addition, there is concern that the TPDES may drain into nearby Lake Arlington. My office has been in contact with the City of Arlington regarding this matter and upon review of the permit application notice, they too have concerns.

With this in mind, I respectfully request a public meeting on the proposed TPDES Permit No. WQ001490001, in order to allow my constituents the ability to give their input and ask questions concerning this permit and the proposed domestic wastewater treatment facility.

If you have any questions regarding this request, please contact me or my District Director, Matt Geske, at 817-478-5096.

Sincerely,

Chris Turner
