Re: Permit Number 46868, Public Comment and Request for Contested Case Hearing

To Whom It May Concern and the Chief Clerk,

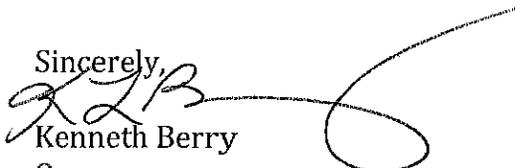

On behalf of Kenneth and Brenda Berry, residents of Berry Island on the LaQuinta Ship Channel, we object to the renewal of permit No. 46868 to Sherwin Alumina and request a contested case hearing. During the past 24 months Sherwin has release caustic, alumini and bauxite materials onto our property, wetlands, duck ponds, beaches as well as ourselves. We have continued to advise TCEQ of this pollution as it occurs. Sherwin continues to release these airborne pollutants into our air, on the water and on our property.

Sherwin refuses to correct their ongoing pollution. TCEQ has failed to make Sherwin comply. This permit should not be renewed. Should the hearing examiner require, we will be more than happy to provide video and or pictorial record of Sherwin's pollution. This notice is filed pursuant to public comment and to request a contested case hearing. If this is not clear please contact us directly at the below numbers.

We are providing a copy of this notice to the EPA regional director.

Our property is located at Green Channel marker 7 in both Nueces and San Patricio Counties.

Sincerely,

  
Kenneth Berry

Re: Public Notice, Permit 46868

To Who It May Concern and the Chief Clerk,

On behalf of Channel Investments LLC we object to the renewal of permit No. 46868 to Sherwin Alumina and request a contested case hearing. During the past 24 months Sherwin has release caustic, alumini and bauxite materials on to our plant, property and people. We have continued to advise TCEQ of this pollution as it occurs. Sherwin continues to release these airborne pollutants into our air and on the water and on our property.

Sherwin refuses to correct their ongoing pollution. TCEQ has failed to make Sherwin comply. This permit should not be renewed. Should the hearing examiner require, we will be more than happy to provide video and or pictorial record of Sherwin's pollution.

We are providing a copy of this notice to the EPA regional director.

Our property is located on Highway 1069, Ingleside Texas, on the Jewel Fulton Ship Channel.
