Mr Nelon,

I would like to retract my request for a public hearing. Since my request, I have learned more about the company and I no longer have any concerns. Thank you for your quick response.

Sincerely,  
Alan Beck

**COMMENTS:** I would like to request a public hearing in regards to this permit number (93109). I don't think it is appropriate to have a concrete plant near a middle school and residential neighborhood. I think the airborne particles from the plant would be an environmental hazard for the students at the school and the nearby residents.
