RE: REQUEST FOR A PUBLIC MEETING on Lower Colorado River Authority's Application for an Amendment to Permit No. 51770 & PSD-TX-486M3 for the Fayette (a.k.a. Sam Seymour) Power Plant

Dear Chief Clerk and TCEQ Commissioners:

The LCRA has applied for an amendment to its "flexible" air permit. The amendment seeks to bring the Fayette coal-fired power plant's air pollution permit in line with federal standards. If approved, the amendment will establish emission limits for key air pollutants like fine particles and ozone-causing nitrogen oxides.

The air quality in Central Texas is important because it affects the health of my constituents. My constituents are interested in reducing air pollution and ensuring that this coal-fired power plant meet all health and environmental standards.

Therefore, I request that a public meeting be held. Thank you for your attention to this matter.

Sincerely,

Eddie Rodriguez

Dear Representative Rodriguez:

Thank you for your letter requesting a public meeting regarding the application for an amendment by Lower Colorado River Authority, permit #51770/PSD-TX-486M3, in Fayette County.

Our Office of Public Assistance staff will contact you when the meeting has been scheduled. The meeting will be scheduled at a time and location convenient for you and your constituents.

If you have any questions, please contact me at (512) 239-5105 or Ms. Bridget C. Bohac, Director of the Office of Public Assistance, at (800) 687-4040.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark R. Vickery".

Mark R. Vickery, P.G.
Executive Director

Handwritten initials in black ink, possibly "M" and "V".
