Dear Ms. Bohac:

As an affected property owner, I am opposed to the application submitted by Chappell Hill Service Company, LLC, Application No. WQ0015031001. There is substantial opposition to this application and I am requesting a contested case hearing regarding the proposed permit.

The proposed permit should not be granted because of multiple concerns including:

- potential harm to human health;
- water quality concerns including the contamination of nearby natural springs and New Year's Creek which is a tributary to the Brazos River;
- environmental concerns including pollution, odor, and harmful chemical deposits such as sodium; and
- damage to nearby agriculture, farming and ranching.

It is my understanding that the developer plans to sell the property once permitting is approved and therefore does not plan to use the best technology available. In addition to the environmental concerns, I consider this a wrongful taking of my property.

I appreciate your consideration of my comments. Please do not hesitate to contact me for any additional information.

Sincerely,

JOHN WHITMIRE
