Dear Ms. Bohac:

This letter is to request that a public meeting be held to answer questions brought up by several constituents regarding the wastewater plant renewal permit number WQ001443901 in Caldwell County.

While citizens are not opposed to the residential development or the wastewater plant associated with the development, they feel that a public meeting would facilitate an open discussion and address any unanswered questions. Consistent with my longstanding policy, I have always encouraged communication, especially to resolve any issues that may need explanation to the public. When this meeting materializes, I hope that Texas Commission of Environmental Quality (TCEQ) representatives can participate and share their expertise.

Thank you for your attention to this matter. Feel free to contact me or my staff for additional information or to discuss this important issue. May God bless you.

Very truly yours,

*Judith Zaffirini*
