Dear Sir/Madam:

RE: Reply to letter dated August 29, 2014 **Docket No. 2014-0913-WR**
North Texas Municipal Water District
Hearing Requests filed on Water Rights Permit No. WRPERM 12151

My wife and I do not own land directly in the lake footprint, but we do own land that is leased by Ryser Farms. The property ID number is 70507 and legal description is A0046 J Bull. Ryser Farms has been leasing our land for farming since 2007. Since most of the Ryser Farm's best land will be in the lake footprint, it will potentially force them out of business. As a result, we will lose our tenant and lease income that the land produces. This will negatively impact my family financially. For this reason, I respectfully request my contested case hearing be granted.

Thank you for your consideration,

Glenn Lee
