

TCEQ DOCKET NO.2014-1568-AIR

**IN THE MATTER
OF THE APPLICATION OF
APAC-TEXAS, INC., FOR
PERMIT NO. 119281**

**BEFORE THE
TEXAS COMMISSION ON
ENVIRONMENTAL QUALITY**

**THE REQUESTORS REPLY TO RESPONSES FILED BY THE EXECUTIVE DIRECTOR
AND THE OFFICE OF PUBLIC INTEREST COUNSEL**

TO THE HONORABLE MEMBERS OF THE TEXAS COMMISSION ON ENVIRONMENTAL
QUALITY:

I, Bobby Massirer, the Requestor, file this Reply regarding the Responses to Request for a Contested Case Hearing that were submitted by the Executive Director (ED) of the TCEQ, and the Office of Public Interest Counsel (OPIC) of the TCEQ. I am not an attorney, and don't have the funds to hire on to assist with the filing of this reply, so I ask the Commission to forgive me if this document does not follow standard format and protocol.

Both the ED and OPIC state they feel my request for contested case hearing should be denied due to my residence not being within 440 yards of the proposed facility. They base this on a map prepared by the ED for the application. The map is inaccurate, it does not show the correct location of my residence. Included with this reply is a copy of the map with my correct location marked on it, which is at the edge of the . 440 yard radius marked on the map. The map also states "This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries". This implies a sufficient margin of error that I believe I should be considered to reside on property within 440 yards of the proposed facility. Since both replies state that I meet all other requirements to be granted a contested case hearing, I respectfully ask the Commission to grant my request.

Respectfully submitted,

Bobby Massirer
Requestor
