Mr. Hyde,

I respectfully request that the Commission hold a public meeting in Fannin County to take comment on the North Texas Municipal Water District's (NTMWD) application for a new Texas Pollutant Discharge Elimination System (TPDES), Permit No. WQ0004996Q00. My office has received correspondence from constituents concerned about the effect this TPDES will have on the landowners along the discharge tributary and the Red River, and I believe a public meeting is necessary for the public to have more information regarding NTMWD's application.

My office can assist with finding a location and date if necessary. Please contact Sara Haenes in my Austin office at 512-463-0297 should you have any questions regarding this request.

Best regards,

Larry Phillips
