Dear Executive Director Hyde,

Constituents from my district, including members of the Save the South San Gabriel group, have contacted my office regarding their concerns about the proposed wastewater treatment plant for the City of Liberty Hill.

It is my understanding that the Texas Commission of Environmental Quality (TCEQ) has completed the technical review of the application and if the permit is issued, it would meet all statutory and regulatory requirements. Additionally, the comment period is open and a public meeting can be requested to provide input from the community impacted.

Therefore, on behalf of the concerned residents in my district, I respectfully request a public meeting to discuss the above mentioned permit. I would greatly appreciate your consideration and assistance with this request.

Please do not hesitate to contact me or my Chief of Staff, Aaron Gibson, if you have any questions or comments regarding this request. Aaron can be reached at (512) 463-0309 or aaron.gibson@house.state.tx.us.

Warm regards,

Marsha Farney
