Re: An Application by 3 B&J Wastewater Company, Inc. for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0014911002 and the related Hearing Requests; TCEQ Docket No. 2015-0565-MWD.

The above-named matter is scheduled to be considered by the Texas Commission on Environmental Quality (Commission) at its August 5, 2015 public meeting. On July 27, 2015, Andrew York filed a request on behalf of 3 B&J Wastewater Company, Inc. (Applicant) for a continuance of this matter to the December 9, 2015 Commission agenda. The Applicant notes that the request for continuance is unopposed. The Applicant states that it is evaluating the feasibility of connecting to the City of Georgetown's wastewater system and that such analysis will not be available by the August 5, 2015 meeting. Accordingly, the Applicant requests additional time to complete this analysis and for the opportunity to participate in alternative dispute resolution procedures with other concerned parties.

Pursuant to 30 TAC §10.4 and the Commission's Resolution issued on February 2, 2009, Docket No. 2009-0059-RES, **the above-referenced matter is hereby continued to the December 9, 2015 Commission agenda**, beginning at 9:30 A.M. The meeting will take place in Room 201S of Building E, at the Commission's offices located at 12100 Park 35 Circle in Austin, Texas. No further responses or replies are authorized by this continuance.

If you have any questions about the public meeting or related matters, please contact Gregory S. Merrell at (512) 239-0669.

Respectfully,

A handwritten signature in black ink, appearing to read "Tucker Royall".
