

TPDES PERMIT NO. WQ0005120000
[For TCEQ office use only -
EPA I.D. No. TX0135275]

TEXAS COMMISSION ON ENVIRONMENTAL
QUALITY

P.O. Box 13087
Austin, Texas 78711-3087

PERMIT TO DISCHARGE WASTES

under provisions of
Section 402 of the Clean Water Act
and Chapter 26 of the Texas Water Code

Crutcher Tie & Lumber, LLC

whose mailing address is

307 North Louise Street, Suite B
Atlanta, Texas 75551

is authorized to treat and discharge wastes from Crutcher Tie & Lumber WWTP, a sawmill (SIC 2421)

located at 4890 North State Highway 37, approximately four and a half miles south of the City of
Winnsboro, in Wood County, Texas 75494

to a manmade ditch; thence to a tributary of Indian Creek; thence to Indian Creek; thence to Big
Sandy Creek in Segment No. 0514 of the Sabine River Basin

only according to effluent limitations, monitoring requirements, and other conditions set forth in this
permit, as well as the rules of the Texas Commission on Environmental Quality (TCEQ), the laws of
the State of Texas, and other orders of the TCEQ. The issuance of this permit does not grant to the
permittee the right to use private or public property for conveyance of wastewater along the discharge
route described in this permit. This includes, but is not limited to, property belonging to any
individual, partnership, corporation, or other entity. Neither does this permit authorize any invasion
of personal rights nor any violation of federal, state, or local laws or regulations. It is the responsibility
of the permittee to acquire property rights as may be necessary to use the discharge route.

This permit shall expire at midnight on March 1, 2019.

ISSUED DATE:

For the Commission

STATEMENT OF BASIS/TECHNICAL SUMMARY AND
EXECUTIVE DIRECTOR'S PRELIMINARY DECISION
TPDES Permit No. WQ0005120000

DESCRIPTION OF APPLICATION

Applicant: Crutcher Tie & Lumber, LLC; Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0005120000 (TX0135275)

Regulated Activity: Industrial Wastewater Permit

Type of Application: New Permit

Request: New Permit

Authority: Federal Clean Water Act §402; Texas Water Code §26.027; 30 Texas Administrative Code (TAC) Chapter 305, Subchapters C-F, Chapters 307 and 319; Commission policies; and Environmental Protection Agency (EPA) Guidelines

EXECUTIVE DIRECTOR RECOMMENDATION

The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. It is proposed the permit be issued to expire on March 1, 2019, in accordance with 30 TAC §305.71, Basin Permitting.

REASON FOR PROJECT PROPOSED

The applicant has applied to the Texas Commission on Environmental Quality (TCEQ) for a new permit.

PROJECT DESCRIPTION AND LOCATION

The applicant proposes to operate Crutcher Tie & Lumber WWTP.

Wastewater will be generated at this facility by wet decking logs and from stormwater that falls within the wet decking area. Water will be sprayed over logs and then flow into man-made ditches until it reaches the settling pond. The water in the settling pond may then be pumped back to the facility to be reused again as wet decking water for the logs. The facility will discharge from the pond has reached capacity.

The plant site is located at 4890 North State Highway 37, approximately four and a half miles south of the City of Winnsboro, in Wood County, Texas.

The effluent will be discharged via Outfall 001 to a manmade ditch; thence to a tributary of Indian Creek; thence to Indian Creek; thence to Big Sandy Creek in Segment No. 0514 of the Sabine River Basin. The unclassified receiving waters have minimal aquatic life use for the unnamed ditch and tributary of Indian Creek and high aquatic life use for Indian Creek. The designated uses for Segment No. 0514 are high aquatic life use, primary contact recreation, and public water supply. The effluent limits in the draft permit will maintain and protect the existing instream uses. All determinations are preliminary and subject to additional review and revisions.
