Re: Application by URI, Inc. for Renewal and Major Amendment of Class III Injection Well Area Permit No. UR02827; TCEQ Docket No. 2015-1268-UIC

The above-named matter is currently scheduled to be considered by the Texas Commission on Environmental Quality (Commission) at its October 7, 2015 public meeting. On August 13, 2015, Leonardo Ramos, Jr. timely requested a contested case hearing on the above matter (see attached). However, due to a clerical error in the Office of the Chief Clerk Mr. Ramos's request was not reviewed until September 15, 2015. Therefore, the parties to this matter did not receive notice of Mr. Ramos's request and likewise did not have the opportunity to file responses to this request.

The Applicant, Executive Director, and Office of Public Interest Counsel have all agreed to allow for Supplemental Responses to be filed in this matter. Therefore, the Office of General Counsel has determined, pursuant to 30 Texas Administrative Code § 10.3 and the Commission's Resolution issued on February 2, 2009, Docket No. 2009-0059-RES, to allow for formal written Supplemental Responses, solely to Mr. Ramos's contested case hearing request, to be filed in this matter by 5:00 p.m. on Friday, September 18, 2015. In addition, Mr. Ramos may file a formal written Reply to the Supplemental Responses by 5:00 p.m. on Friday, October 2, 2015.

If you have any questions about this matter, please contact Tracy Harrison Gross, Assistant General Counsel, at 512/239-1736.

Very Truly Yours,

COMMISSION
ON ENVIRONMENTAL
QUALITY

Dear Ms. Bohac:

I am requesting a contested case hearing on URI's application for a renewal permit and major amendment.

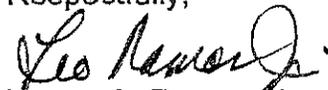

My name is Leonardo Ramos, Jr.
My mailing address is 580 N. County Road 1090, Kingsville, Texas 78363
My day time telephone number is 1-361-592-8657 or 1-361-249-6737

The applicant is URI, Inc. The permit number is UR02827

I request a contested case hearing.

I have a personal interest because I live very close to the uranium mining area. I have a water well that I depend on for human consumption as well as animal consumption. I have documentation that shows how my water well is affected when URI, Inc. mines the area. I would be adversely affected by the proposed permit and major amendment because this would contaminate my water well and render it dangerous to use. I welcome an invitation to discuss this matter at your earliest convenience.

Respectfully,

Leonardo Ramos, Jr.
