COMMENTS: I request a public meeting and a contested case hearing. 1 I am requesting a public meeting and a contested hearing. 2. According to research Health and acid rain pollution (2.5 microns or less) are known to cause COPD, affect lungs and damage to lung tissues, visibility problems , and damage to soil, trees, building structures, etc.) from emission of carbon monoxide, nitrogen oxides, and sulfur dioxide. There is a sink hole

M

forming on the empty lot next to my house. Our stone barbecue grill may have have been affected by acid rain. A tree fell on a house in Jan. 2012(dead roots). A neighbors front yard is sand. 3. I live in a residential community near the Longview Compressor Station (approx 3 blocks) north off Lilly. 4. I would like to review compliance file information and or medical information that may be available. 5. Is Longview Compressor Station in compliance with U.S. Environmental Protection Agency requirements for 2.5 micron & smaller? 6. No application for review at Longview Public Library.
