REGULATED ENTITY NAME CIBOLO VALLEY WWTP

RN NUMBER: RN105921738

PERMIT NUMBER: WQ0014988001

DOCKET NUMBER:

COUNTY: COMAL

PRINCIPAL NAME: SOUTH CENTRAL WATER COMPANY

CN NUMBER: CN602602179

FROM

NAME: MR Michael L Maurer, SR

E-MAIL: stgcdtax@gvtc.com

COMPANY:

ADDRESS: PO BOX 700606
SAN ANTONIO TX 78270-0606

PHONE: 8306609465

FAX:

COMMENTS: The CZP of the Cibolo Valley WWTP should be denied based on the construction off of FM1863 and what appears to be a lack of any sort of stormwater barrier or basin to prevent silt leaving the property under construction. Furthermore, the Cibolo Valley WWTP should have a public hearing held on the issue of the CZP as well as the amount of treated wastewater that will flow into the Cibolo Creek and the lack of proper long term diagnosis of that the treated effluent and the associated chemicals will have on any aquatic life

MWD

in the Cibolo Creek ... as well as long range effect on the Edwards Aquifer... being the Cibolo Creek has been established as a major recharge area for the Edwards Aquifer with numerous recharge areas feeding into the Edwards Aquifer. Please STOP all actions on the CZP and the WWTP until a public hearing is held on these two issues.

COMMENTS: I request a public meeting on this permit renewal. With the proliferation of wastewater treatment plants in Comal County in and/or near the recharge zone, the TCEQ should take a look at its regionalization policy and water quality standards in regards to potential impacts on the Edwards Aquifer and on the Trinity Aquifer. How much pollution and chemicals is too damn much! It is known that there are areas

MWD

within the Cibolo Creek where water escapes directly into the Edwards Recharge Zone/Aquifer. The proliferation of the WWTPs have an unknown effect on the water quality of the Edward Aquifer and the Trinity Aquifer and public hearing/meeting should be conducted where professionals on both sides of the arguments may present their facts as they see them.
