**COMMENTS:** After touring the applicant's facility this past weekend, I have decided not to oppose the permit application. Therefore, I would like to cancel my request for a public meeting on this matter.

**COMMENTS:** I am against this application. Because the Arenosa Creek is a natural drainage area, this dumping of toxic material on the said property is causing my property to be negatively affected as my water wells, livestock, wild hogs, odor etc. are unacceptable I would like to request a public meeting regarding this matter.
