COMMENTS: I request a public hearing. This landfill is already too big and has caused lots of odor problems in the surrounding neighborhoods. Allowing it to get even bigger and accept more types of waste will hurt our property values even worse than it already has, as well as making our quality of life even worse because we can't go outside when the stench is so strong. The community has already put up with too much from the existing landfill. It is time to look elsewhere instead of continuing to make things worse for us.

COMMENTS: I object to the expansion of the landfill off Dick Price Road and request a public hearing to contest this case. Approximately 3 miles from my home, the stench is so bad on some mornings that I cannot go outside my home. This expansion will only make the living conditions worse, but will also affect the value of my property, and will likely affect our water with runoff.
