

Tax Relief for Pollution Control Property

Application Form – Effective January 2008

12969

DISCLAIMER

This document is intended to assist persons in applying for a use determination, pursuant to Title 30 Texas Administrative Code Chapter 17 (30 TAC 17). Conformance with these guidelines is expected to result in applications that meet the regulatory standards required by the Texas Commission on Environmental Quality (TCEQ). However, the TCEQ will not in all cases limit its approval of applications to those that correspond with the guidelines in this document. These guidelines are not regulation and should not be used as such. Personnel should exercise discretion in using this guidelines document. It should be used along with other relevant information when developing an application.

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
APPLICATION FOR USE DETERMINATION
FOR POLLUTION CONTROL PROPERTY**

The TCEQ has the responsibility to determine whether a property is a pollution control property. A person seeking a use determination must complete the attached application or a copy or similar reproduction. For assistance in completing this form refer to the TCEQ guidelines document, *Property Tax Exemptions for Pollution Control Property*, as well as 30 TAC §17, rules governing this program. For additional assistance please contact the Tax Relief for Pollution Control Property Program at (512) 239-3100. The application should be completed and mailed, along with a complete copy and the appropriate fee, to: TCEQ MC-214, Cashiers Office, PO Box 13088, Austin, Texas 78711-3088.

Information must be provided for each field unless otherwise noted.

1. GENERAL INFORMATION

A. What is the type of ownership of this facility?

3. NAME OF APPLICANT

A. Company Name: Mont Belvieu Caverns, LLC
B. Mailing Address (Street or P.O. Box): P.O. Box 4018
C. City, State, and Zip: Houston, Texas 77210-4018

4. PHYSICAL LOCATION OF PROPERTY REQUESTING A TAX EXEMPTION

A. Name of Facility or Unit: Mont Belvieu North Storage
B. Type of Mfg. Process or Service: Product Pipeline and Storage Service
C. Street Address: 1027 FM 1492
D. City, State, and Zip: Mont Belvieu, Texas 77580
E. Tracking Number (Optional): _____
F. Company or Registration Number (Optional): _____

5. APPRAISAL DISTRICT WITH TAXING AUTHORITY OVER PROPERTY

A. Name of Appraisal District: Chambers County Appraisal District
B. Appraisal District Account Number: 036-2-005293-000260

6. CONTACT NAME

A. Company/Organization Name Mont Belvieu Caverns, LLC
 B. Name of Individual to Contact: Al Noor
 C. Mailing Address (Street or P.O. Box): P.O. Box 4018
 D. City, State, and Zip: Houston, Texas 77210-4018
 E. Telephone number and fax number: (713) 803-8253
 F. E-Mail address (if available): anoor@eprod.com

7. **RELEVANT RULE, REGULATION, OR STATUTORY PROVISION**

For each media, please list the specific environmental rule or regulation that is met or exceeded by the installation of this property.

| MEDIUM | Rule/Regulation/Law |
|--------|--|
| Air | |
| Water | 16 TEX. ADMIN. CODE § 3.8 |
| Waste | 16 TEX. ADMIN. CODE § 3.9; TEX. NAT. RES. CODE §§ 91.110, 91.452 |

8. **DESCRIPTION OF PROPERTY (Complete for all applications)**

Describe the property and how it will be used at your facility. **Do not simply repeat the description from the Equipment & Categories List.** Include sketches of the equipment and flow diagrams of the processes where appropriate. Use additional sheets, if necessary.

Project Description:

The Mont Belvieu North Storage project consists of one 4.0 million barrel High-Density PolyEthylene ("HDPE") double-lined brine disposal pond, instrumentation, pond piping, electrical substation, and associated equipment built in compliance with the water protection requirements of the Texas Railroad Commission's Statewide Rule 8 (16 Tex. Admin. Code § 3.8). The brine disposal pond accomplishes two significant purposes directly related to the prevention, monitoring, control, and reduction of land and water pollution: (1) prevention of salt water intrusion into surface and subsurface inland waters and upon the land; and (2) waste minimization. The current scope of the project includes an HDPE double-lined pond (which prevents brine from leaching into the groundwater by means of an impermeable barrier); a leak detection and collection system (which protects groundwater by identifying brine leakage and then returning leakage to the primary pit); and a 35ft X 70ft secondary confinement concrete sump pit with transfer pumps and 3,500ft of 30" piping and related instrumentation (which prevents brine from leaching into the groundwater).

Furthermore, by recycling brine, rather than using fresh water that would become brine through dissolution in daily operation of the cavern system, the total quantity of waste generated is significantly reduced by the North Storage brine disposal pond. The Mont Belvieu North Storage Facility operates underground injection disposal wells permitted under and must comply with the Railroad Commission's Statewide Rule 9 (16 Tex. Admin Code § 3.9) and Section 91.452 of the Texas Natural Resources Code. An obvious benefit from the recycling process that exists because of the brine disposal pond is the conservation of the State's natural resources, as millions of gallons of fresh water per year are protected from contamination with salt and thereafter disposed of in deep underground injection disposal wells. This minimization of oil and gas waste meets express directives in the State's Natural Resources Code and Administrative Code. Tex. Nat. Res. Code Ann. § 91.110; 16 Tex. Admin. Code § 3.9.

Land: If a use determination is being requested for land, provide a legal description and an accurate drawing of the property in question.

9. PARTIAL PERCENTAGE CALCULATION

This section is to be completed for Tier III and IV applications. For information on how to conduct the partial percentage calculation, see the application instructions document. Attach calculation documents to completed application.

10. PROPERTY CATEGORIES AND COSTS

List each control device or system for which a use determination is being sought. Provide additional attachments for more than 3 properties.

| Property | Taxable on 1/01/94? | DFC Box | ECL # | Estimated Cost | Use % |
|--|---------------------|-----------|-------------|-------------------|-------------|
| Land | | | | | |
| Property <u>Construction of brine disposal pond</u> | <u>No</u> | <u>12</u> | <u>S-20</u> | <u>23,000,000</u> | <u>100%</u> |
| _____ | _____ | _____ | _____ | _____ | _____ |
| Totals | | | | | |

11. EMISSION REDUCTION INCENTIVE GRANT

(For more information about these grants, see the Application Instruction document).

Will an application for an Emission Reduction Incentive Grant be filed for this property/project?

Yes No

12. APPLICATION DEFICIENCIES

After an initial review of the application, the TCEQ may determine that the information provided with the application is not sufficient to make a use determination. The TCEQ may send a notice of deficiency, requesting additional information that must be provided within 30 days of the written notice.

13. FORMAL REQUEST FOR SIGNATURE

By signing this application, you certify that this information is true to the best of your knowledge and belief.

Name: Al Noor  Date: 2-2-09
Title: Tax Manager
Company: Mont Belvieu Caverns, LLC

Under Texas Penal Code, Section 37.10, if you make a false statement on this application, you could receive a jail term of up to one year and a fine up to \$2,000, or a prison term of two to 10 years and a fine of up to \$5,000.

14. DELINQUENT FEE/PENALTY PROTOCOL

This form will not be processed until all delinquent fees and/or penalties owed to the TCEQ or the Office of the Attorney General on behalf of the TCEQ are paid in accordance with the Delinquent Fee and Penalty Protocol. (Effective September 1, 2006)

Protecting Texas by Reducing and Preventing Pollution

February 9, 2009

MONT BELVIEU CAVERNS LLC
AL NOOR
PO BOX 4018
HOUSTON TX 77210 -4018

This letter is to inform you that on 2/9/2009, Use Determination Application, 12969 (self assigned tracking number), was declared to be administratively complete. This application was filed for the following facility:

MONT BELVIEU NORTH STORAGE
1027 FM 1942
MONT BELVIEU TX 77580

The next step in the Use Determination Application process is the technical review of the application. If this is a Tier I, II, or III application the technical review will be completed within sixty days of the administrative complete date. If this is a Tier IV application the technical review will be completed within 30 days of the administrative complete date. If additional technical information is required a notice of deficiency letter (NOD) will be issued. The time period between the issuance of the NOD and the receipt of the response is not counted in determining the length of the technical review. The TCEQ will notify you after the technical review has been completed. In accordance with the statute, the TCEQ has mailed a notice of receipt of this Use Determination Application to the **CHAMBERS** County Appraisal District. Please contact the Tax Relief for Pollution Control Property Program at (512) 239-3100 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Thomas".

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

February 27, 2009

MONT BELVIEU CAVERNS LLC
AL NOOR
PO BOX 4018
HOUSTON TX 77210 4018

This letter is to inform you that during the technical review of Use Determination Application, 12969, for:

MONT BELVIEU NORTH STORAGE
1027 FM 1942
MONT BELVIEU TX 77580

the reviewer has determined that the following information is missing and/or incomplete:

This first paragraph of the description states that the pond is a disposal pond. The second paragraph states that the brine is recycled. This is not a disposal pond it is a storage pond. The Equipment and Categories List number listed on the application is S-20 which applies only to disposal ponds. There are certain items described in this application which might qualify for a positive use determination. To receive a determination for these items they must be listed individually on the Table contained in section 10 of the application. Each item must be identified by name, an ECL number must be provided and a dollar value must be listed. These items are the HDPE liner and the leak detection/collection system. Additional information is needed about the sump pit. The concrete appears to be the primary containment for leaks. Is there any secondary containment? The pumps and piping are not considered to be pollution control property and are not eligible for a positive use determination.

Please provide this additional information as soon as possible. As per 30 TAC 17.12(2) the applicant must respond to a notice of deficiency (NOD) by providing the additional information required within 30 days of receipt of the NOD or the application will be returned. Once the additional information has been received the technical review of this application will resume. If you have any questions or require assistance in developing the additional required information please contact the Tax Relief for Pollution Control Property Program at (512) 239-6348. Your response may be faxed to 512/239-5678, electronically mailed to rhatlett@tceq.state.tx.us, or sent by U.S. Mail to:

Re: Mont Belvieu North Storage
Use Determination Application 12969

Dear Mr. Hatlett:

We received a copy of your letter dated February 27, 2009, a copy of which is enclosed as **Exhibit A**, providing that information for Use Determination Application 12969 for Mont Belvieu Caverns LLC was missing and/or incomplete. This letter responds to your request for additional information.

You provide that the Equipment and Categories List number S-20 applies only to disposal ponds. The "Property" that qualifies for exemption under 30 T.A.C. § 17.14 is "Surface Impoundments and Ancillary Equipment (Including Brine Disposal Ponds)". We do not view the parenthetical "(Including Brine Disposal Ponds)" to limit this category to only disposal ponds. Rather, it merely includes brine disposal ponds in this category. Further, the description of the property in Equipment and Categories List number S-20, "excavation, ponds, clay and synthetic liners, leak detection systems, leachate collection and treatment equipment, monitor wells, pumps, etc.", is much broader to include other types of surface impoundments, other than brine disposal ponds.

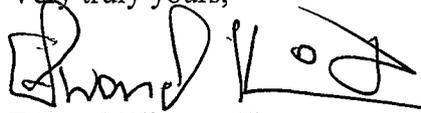

Further, Part A of the Equipment and Categories List of 30 T.A.C. § 17.14 is the former Predetermined Equipment List. Under the former rules, TCEQ granted positive use determination for brine ponds. We see no authority for the TCEQ's change in policy with respect to brine ponds.

In response to your request, enclosed as **Exhibit B** is a list of items for which the property owner seeks a positive use determination for pollution control equipment, the ECL number for each item, and a dollar value for each item. The property owners reiterate its request for a positive use determination under Tier 1 for all of the items listed on the enclosed Exhibit B.

Mr. Ronald Hatlett
March 26, 2009

USE DETERMINATION

The Texas Commission on Environmental Quality has reviewed Use Determination Application, 12969, filed by:

MONT BELVIEU CAVERNS LLC
MONT BELVIEU NORTH STORAGE
1027 FM 1942
MONT BELVIEU TX 77580

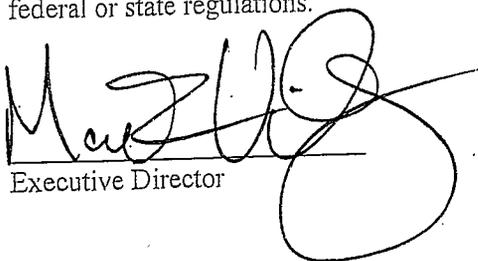

The pollution control property/project listed in the Use Determination Application is:

North Storage Project: one four million barrel High Density Polyethylene (HDPE) double-lined brine disposal pond, instrumentation, pond piping, electrical substation, and associated equipment. The current scope of the project includes the HDPE double-lined pond, a leak detection and collection system, and a 35ft X 70ft secondary containment concrete sump pit with transfer pumps, 3,500ft of 30" piping, and related instrumentation. Property listing provided on March 26: HDPE Liner, Fire & Safety Equipment, Brine Pond Piping, Electric Substation, Instrumentation & Monitoring Equipment, Water Supply & Treating, Brine Pond Construction, Land & Pipeline Right of Way, Earthwork & Site Grading, and Soft Cost (permits, Legal, travel, inspection, etc.).

The outcome of the review is:

A positive use determination for the High Density Polyethylene double liner, the leak detection and collection system, including the associated instrumentation and monitoring system, and the 35ft x 70ft concrete containment sump. A negative determination for the other items listed as part of the Brine Storage Pond: the brine transfer pumps; the fire and safety equipment; the brine pond piping; the electrical substation; the instrumentation and monitoring equipment that is not part of the leak detection and collection system; the water supply and treating; the brine pond construction; the land and pipeline right of way; the earthwork and site grading; and the soft costs.

This equipment is considered to be pollution control equipment and was installed to meet or exceed federal or state regulations.

PO BOX 4018
HOUSTON, TX 77210 4018

This letter is to inform you that on May 22, 2009, the technical review of Use Determination Application 12969 was completed. This application is for:

MONT BELVIEU CAVERNS LLC
MONT BELVIEU NORTH STORAGE
1027 FM 1942
MONT BELVIEU, TX 77580

The use determination is included with this letter. In order to request an exemption, a copy of this Use Determination, along with a completed exemption request form #50-248 (can be found at www.cpa.state.tx.us), must be provided to the Chief Appraiser of the appropriate appraisal district by April 30 of the appropriate tax year.

House Bill 3121, enacted during the 77th Legislative Session, established a process for appealing a use determination. The Texas Commission on Environmental Quality (TCEQ) rules that implement the appeals process are at 30 TAC 17.25. Pursuant to 17.25(a)(1), an appeal must be filed within 20 days of receipt of the use determination. Should you choose to appeal the use determination, please submit a copy of your appeal to the TCEQ Tax Relief for Pollution Control Property program at the time of filing the appeal with the Chief Clerk of the commission.

If you have any questions or require any additional information, please contact the Tax Relief for Pollution Control Property Program at (512) 239-6348.

Sincerely,

A handwritten signature in black ink that reads "D.C. Schanbacher".
