Dear Ms. Bohac:

Pursuant to §11.31(e) of the Texas Property Tax Code and Title 30 Texas Administrative Code (TAC) §17.25, please allow this letter to serve as **ELG Metals, Inc.**'s formal appeal of the Executive Director's negative use determination for the qualifying land included on the above-referenced Use Determination for Pollution Control Application and as its request for consideration by the Texas Commission on Environmental Quality of same.

For your convenience, we are enclosing a copy of the negative determination, which was post-marked on February 12, 2016.

We appreciate your cooperation in this regard, and look forward to hearing from you regarding this matter.

Sincerely yours,

Associated Tax Appraisers, Agent 586

Dear Mr. Fedor:

This letter responds to ELG Metals, Inc.'s Application for Use Determination, received September 8, 2015, pursuant to the Texas Commission on Environmental Quality's (TCEQ) Tax Relief for Pollution Control Property Program for the ELG Metals, Inc. Scrap Metal Reclaiming Facility.

The TCEQ has completed the review for application #19449 and has determined that certain property included in the application is not eligible for a Positive Use Determination. The TCEQ has issued a Positive Use Determination for the eligible property in the application in accordance with Title 30 Texas Administrative Code (TAC) §17.4 and a Negative Use Determination for the ineligible property in accordance with §17.4 and §17.6. The justification for the Negative Use Determination is provided below.

The qualifying land included on the application as pollution control property is not eligible for positive use determination because it was acquired before January 1, 1994, according to information provided on the application. Per Texas Tax Code §11.31(b), the applicant is not eligible for a property tax exemption for the land included in the application because the land was acquired after January 1, 1994.

In order to request an exemption for the eligible property, the attached Use Determination Certificate and a completed Application for Pollution Control Property Tax Exemption, Form #50-248 (please see www.cpa.state.tx.us), must be provided to the chief appraiser of the appropriate appraisal district no later than April 30th of the applicable tax year.
