Dear Ms. Castanuela:

I am a named party protestant in the above docket and support the Proposal for Decision and draft order recommending denial of MSW Permit No. 2320 to Roy Eugene Donaldson, II. I further support the brief filed by our attorney J.D. Head in this docket. I would appreciate the commissioners' favorable consideration of the Administrative Law Judges' recommendation denying this application.

As long as a business is a good steward of the environment, we do not have a problem with a business operating; however, this is not the case, when a business does not live up to its obligations then we have an duty to say no.

I certify that the original and eleven copies of this letter are being sent to the Chief Clerk of the TCEQ as well as a copy to each of the Administrative Law Judges in this case and all parties on the Service List as set forth below.

Respectfully Yours,

Julie Moore
